## **PROPOSED REGULATION OF THE STATE BOARD OF NURSING**

Authority: NRS 632.120, 632.237

Add to NAC 632 a new regulation to read:

### **Role and Responsibility of the School Nurse**

- 1. A school nurse, who is a Registered Nurse, directs and provides school health services.*
- 2. The school nurse is responsible to develop, implement, evaluate, and revise the individualized health care plan for each student with special health care needs under his supervision.*
- 3. Only the school nurse determines when it is appropriate to delegate or assign any portion of the provision of care.*
- 4. The school nurse is solely responsible for the determination of when it is appropriate to delegate or assign nursing care to a qualified person. A qualified person is:*
  - a. a person whose license or certificate authorizes his practice;*
  - b. a willing person whom the school nurse has determined has acquired and/or maintained knowledge, skill and ability to perform the care in a safe and affective manner required by the child; and/or*
  - c. A family member/friend designated or identified by the parent or legal guardian who is exempt from the regulations of the Nurse Practice Act and may perform required care unless employed by the school district.*
- 5. The school nurse may delegate only nursing tasks approved by the board.*
- 6. A Licensed Practical Nurse providing nursing care in a school may not delegate or assign nursing care procedures to school personnel.*
- 7. To administer medications, the school nurse must have written permission from the parent or legal guardian and medication must have been prescribed by licensed prescribing practitioner, labeled and dispensed by licensed dispensing practitioner or pharmacist.*
- 8. Medication administration must be accompanied by a reliable tracking system.*
- 9. Any medication procedure developed must meet the standard requirement for the safe administration or assistance with administration of medications.*
