The Board adopted the regulations as written by LCB, with the following change (in bold italics):

NAC 632.450 section (e)

Administer fluid from a container which is properly labeled and contains antibiotics, *steroids*, or histamine H2 receptor antagonists that were added by a pharmacist or a registered nurse designated by the pharmacist;

This change reflects and is consistent with section *(d) Administer any of the following medications* by adding a solution by piggyback~~;~~:

~~—5. :]~~

(1) Antibiotics;

(2) Steroids; and

(3) Histamine H2 receptor antagonists;

In the short- and long-term, the proposed regulation changes will have no adverse economic effect on businesses or individuals that are regulated by the applicable administrative code. The proposed

regulation changes will benefit the public by providing safe and effective care delivered by qualified, competent nurses.

The Board of Nursing does not anticipate an increase in costs for enforcement of the adopted regulation.

There is no duplication or overlap with any other local, state, or federal agencies.

There is no provision in these regulations that is more stringent than the federal regulations regulating the same activities.

This regulation does not increase or add new fees.

Information regarding this regulation may be obtained by contacting the Nevada State Board of Nursing at 5011 Meadowood Mall Way, Suite 201, Reno, Nevada, 89502, 775-688-2620.
