

LCB File No. R151-04

**PROPOSED REGULATION OF THE ADMINISTRATOR OF
THE DIVISION OF INDUSTRIAL RELATIONS OF THE
DEPARTMENT OF BUSINESS AND INDUSTRY**

AUTHORITY: §§ 4 of NRS 616C.245

Section 1. *Upon receipt of medical documentation from the treating physician the insurer shall within 30 days complete the process of purchasing and modifying a vehicle for the injured employee.*

Section 2. *The insurer shall determine the model and make of the vehicle based on the medical requirement and physical restrictions of the injured employee.*

Section 3. *The insurer will modify the vehicle to meet the physical restrictions of the injured employee. The insurer will provide vehicle modifications as needed every five years or within the five- year period as required by changes in medical condition.*

Section 4. *In cases where a second vehicle purchase is required the insurer shall provide a modified vehicle if the injured employee is able to demonstrate that the injured employee will drive the second vehicle and that the first vehicle purchased by the insurer cannot be repaired.*

Section 5. *The insurer is required to reimburse mileage for all claim related travel.*

Section 6. *If the injured worker does not qualify to receive a second vehicle he shall be provided transportation to all claim related appointments. Transportation may be provided in the form of a monthly public transportation pass, door-to-door public transportation service, or other means as determined by the insurer taking into consideration the injured employee's medical condition.*
