2. The headquarters of the Department and each regional office of the Department will maintain a physical description and picture of each species listed in this section when reasonably available.

3. The Department may issue a permit or license for the importation, transportation or possession of a species listed in this section only to:

(a) A zoo or aquarium which is an accredited institutional member of the ~~["American Zoo and Aquarium Association.]"~~ *Association of Zoos and Aquariums or its successor.*

(b) A person who displays, exhibits or uses the species for entertainment or commercial photography, including, without limitation, motion pictures, still photography or television, if the species:

(1) Is accompanied by evidence of lawful possession;

(2) Is not in this State for more than 90 days; and

(3) Is maintained under complete control and prohibited from coming into contact with members of the general public.

↪ If the person is displaying, exhibiting or using mammals for commercial purposes other than for food or fiber, he must possess the appropriate license issued by the United States Department of Agriculture.

(c) A college, university or governmental agency, for scientific or public health research.

(d) Any other scientific institution, as determined by the Department, for research or medical necessity.

(e) Any person engaged in commercial aquaculture, upon application and proof to the Department that the activity will not be detrimental to aquatic life, other wildlife or recreational uses. As a condition of the issuance to such a person of a license for the possession of a species listed in this section, a bond may be required to provide for the removal of any species to which the license applies that may escape or be released from captivity for any reason. The amount of the bond will be determined by the Department after considering the degree of potential hazard to wildlife.

(f) A tax-exempt nonprofit organization that exhibits wildlife solely for educational or scientific purposes.

4. An interstate shipment of a species listed in this section may be transported through this State, without a permit or license issued by the Department, if:

(a) The shipper or transporter has evidence of lawful possession of the species issued by the state or country where the species originated;

(b) Mammals, birds or fish are accompanied by a health certificate issued by the state or country where the species originated that indicates the destination, origin and proof of ownership of the species being transported;

(c) The species is in this State for less than 48 hours; and

(d) The species is not unloaded or otherwise released while being transported through this State.

5. This section does not apply to the Department when it is conducting authorized introductions or transplantations of a native species of big game mammal listed in this section.
