**NOTICE OF ADOPTION OF TEMPORARY REGULATION**  
**LCB File No. T036-09**

The State Environmental Commission adopted temporary regulations assigned LCB File No. T036-09 which pertain to chapter 445B of the Nevada Administrative Code.

**INFORMATIONAL STATEMENT**

**Temporary Regulation T036-09:** With this temporary regulations the State Environmental Commission (SEC) is updating NAC 445B.221, "Adoption by reference and applicability of certain provisions of federal law and regulations." The SEC is adopting into state regulation sections of the Federal New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP) rules that have been adopted by the U.S. Environmental Protection Agency (EPA) and published in the Federal Register since the NAC was last updated, as well as certain test methods.

This temporary regulation is necessary so that Nevada can request delegation for the implementation of new and revised federal NSPS and NESHAP rules that became effective after March 2008. This update will allow the regulated industry to continue to work with the state as opposed to US EPA. Additionally, adopting the test methods will allow the Nevada Division of Environmental Protection to use methods approved by US EPA and recognized by the scientific community to measure emissions from sources.
