(3) Any other form of proof approved by the Division.

~~[3. Any eligible person who was a participant in the program but who has not purchased coupons for 2 years or more must register in the manner provided in this section before he may purchase coupons.]~~

*4. An applicant must demonstrate that his or her annual gross income is not more than 400 percent of the federally designated level signifying poverty for the size of family applicable to the person, as determined by the United States Department of Health and Human Services and published annually in the Federal Register.*

5. *For the purpose of determining the annual gross income of an applicant, the Division:*
- (a) Will calculate the monthly household income for the month in which an application is filed with the Division and multiply that number by 12; or*
  - (b) May, if the household income fluctuates from month to month:*
    - (1) Add the monthly household income over a period of at least 2 months;*
    - (2) Divide the sum calculated pursuant to subparagraph (1) by the number of months within the period described in subparagraph (1); and*
    - (3) Multiply the quotient calculated pursuant to subparagraph (2) by 12.*
6. *To determine the annual gross income of an applicant, any income received from a source identified in NAC 427A.408 must be subtracted from the total amount of income received by the applicant.*
7. *All income, except income excluded pursuant to subsection 6, must be verified, documented and counted in determining the eligibility or continued eligibility of an applicant or participant.*
8. *Except as otherwise provided in this subsection, the approval of an application by the Division to participate in the program pursuant to this section is valid for 1 year, and the participant may reapply for participation in the program by submitting an application in the same manner as the original application. A participant whose annual gross income increases such that the participant is no longer eligible to participate in the program pursuant to subsection 4 must immediately notify the Division and return any unused coupons. Such a participant may reapply for the program if he or she becomes eligible by submitting an application in the same manner as the original application.*

*9. As used in this section, “household income” means the income received by an applicant and the spouse of the applicant, if applicable.*

**Sec. 9.** NAC 706.864 is hereby amended to read as follows:

**NOTICE OF ADOPTION OF PROPOSED REGULATION**  
**LCB File No. R017-12**

The Aging and Disability Services Division of the Department of Health and Human Services adopted regulations assigned LCB File No. R017-12 which pertain to chapter 706 of the Nevada Administrative Code.

**INFORMATIONAL STATEMENT**

- 1. Statement of need for and purpose of the proposed regulation.**  
2011 Legislature suggested implementation of eligibility criteria for the Senior Ride (now called Taxi Assistance Program or TAP) program. These regulations accomplish that.
- 2. A description of how public comment was solicited, a summary of public response, and explanation how other interested persons may obtain a copy of the summary.**  
Notice of public workshop was posted on March 8, 2012, and workshop was held on March 22, 2012. Notice of public hearing was posted on May 7, 2012, and public hearing was held on June 7, 2012. Posting included e-mailing notices to public libraries in all counties in which Aging and Disability Services Division does not have an office, to all Division offices, to a list of other public places where interested parties would see the notice. The notice was also posted on the Division website. Summaries of public response can be obtained at the Aging and Disability Services Division.
- 3. The number of persons who: (a) attended each hearing; (b) testified at each hearing; and (c) submitted to the agency written statements.**  
Twenty-three people attended the workshop statewide. Joni Eastley, Commission on Aging, asked about who administers the program and where the funding comes from. Answer: Aging and Disability Services administers the program and the money comes from a surcharge on taxi rides in Clark County. Ms. Eastley then asked why it is administered by Aging and Disability Services when it benefits only Clark County. Answer: Aging and Disability Services has contact with the population that this service is designed to benefit, and a location that is convenient for them to purchase the coupons.  
Twenty-eight people attended the public hearing statewide. Edrie LaVoie, Commission on Aging, asked if the program is statewide or just in Southern Nevada. Answer: It is only in Southern Nevada because Las Vegas/Clark County has a Taxicab Authority and they collect a fee on every cab ride. Those fees go into a pool at the Taxicab Authority, and some of the funds are available for the Senior Ride Program. The reason it is not in other parts of the state is because there is no other place where a taxicab authority collects those fees.  
Written comments were accepted up to the day of the workshop and the day before the hearing. None were received.
- 4. A description of how comment was solicited from affected businesses, a summary of their response and an explanation of how other interested persons may obtain a copy of the summary.**  
Not applicable. No small businesses are affected by this change.

**5. If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.**

Changes were made as a result of discussions with the staff. No changes were suggested by the public.

**6. The estimated economic effect of the adopted regulation on the businesses which it is to regulate and on the public. These must be stated separately, and each case must include:**

**a. Both adverse and beneficial effects;**

**b. Both immediate and long-term effects;**

There could be an economic impact from the changes in this program, depending on the income level of the applicant. Applicants with higher incomes could have to seek other services.

**7. The estimated cost to the agency for enforcement of the adopted regulation.**

The additional costs of instituting these changes were anticipated when the 2011 Legislature included two additional positions for Aging and Disability Services to serve this program.

**8. A description of any regulation of other state or government agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the regulation overlaps or duplicates a federal regulation, the name of the regulating federal agency.**

None

**9. If the regulation includes provisions that are more stringent than a federal regulation which regulates the same activity, a summary of such provisions.**

Not applicable.

**10. If the regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.**

Not applicable.
