

**PROPOSED REGULATION OF THE
DEPARTMENT OF MOTOR VEHICLES**

LCB File No. R027-13

NOTICE OF INTENT TO ACT UPON A REGULATION

**Notice of Public Hearing for the
Amendment of Regulations of the
Department of Motor Vehicles
(R027-13)**

The Department of Motor Vehicles will hold public hearings at the following locations on October 9, 2013, at 9:00 a.m.:

**PUBLIC HEARING
CARSON CITY**

Legislative Building
401 S. Carson Street, Room 3138
Carson City, NV 89701

**PUBLIC HEARING
LAS VEGAS**

Grant Sawyer Building
555 E. Washington Ave., Room 4401
Las Vegas, NV 89101

**PUBLIC HEARING
ELKO**

Great Basin College
1500 College Parkway, Room HTC 121
Elko, NV 89801

Video conferencing will be provided to all location sites.

The purpose of the hearing is to receive comments from all interested persons regarding the adoption of proposed amendments to regulations (LCB File No. R027-13), that pertains to Chapter 482A of the Nevada Administrative Code.

The following information is provided pursuant to the requirements of NRS 233B.0603:

1. The need for and the purpose of the proposed regulation or amendment.

With the passage of Senate Bill 313 from the 2013 Legislative Session, the Department is introducing language to create the necessary administrative rules to carry out the provisions of the bill.

2. Either the terms or the substance of the regulations to be adopted, amended or repealed, or a description of the subjects and issues involved.

The proposed regulations will address new insurance and bond requirements due to the passage of Senate Bill 313.

3. The estimated economic effect of the regulation on the business which it is to regulate and on the public. These must be stated separately and in each case must include:

- (a) Both adverse and beneficial effects; and
- (b) Both immediate and long-term effects.

SB313 – Autonomous Vehicles:

(a) Insurance and Bond Requirements;

- I. **Adverse effect:** Companies applying for a license to test their autonomous vehicles in Nevada may be financially impacted by the increased amount of insurance or bond coverage they will be required to obtain. Under the existing regulations, the highest bond amount for a company is \$3 million dollars, which is based on having more than 10 autonomous vehicles testing in Nevada. The new regulations will match Senate Bill 313 which requires a \$5 million dollar insurance or bond regardless of the number of autonomous vehicles that will be tested on Nevada highways.
- II. **Beneficial effect:**
 - 1. The State of Nevada will have greater liability protection if public safety issues occur.
 - 2. Nevada will be consistent with Florida and California insurance and bond requirements.
- III. **Immediate effects:** The new insurance or bond requirements will be established immediately, and all companies applying for an autonomous testing license will have to comply with the new law.
- IV. **Long-term effects:** None.

4. The estimated cost to the agency for enforcement of the proposed regulation.

There are no known additional enforcement costs to the Department.

5. A description of and citation to any regulations of other state or local governmental agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. If the proposed regulation overlaps or duplicates a federal regulation, the notice must include the name of the regulating federal agency.

The states of California and Florida have the same insurance and surety bond requirements as Senate Bill 313. While the Federal Government is working to create national autonomous standards, it is in the best interest of Nevada to have some level of consistency with other jurisdictions who have established similar laws.

6. If the regulation is required pursuant to federal law, a citation and description of the federal law.

Not required by federal law.

7. If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.

There are currently no federal standards for autonomous vehicles.

8. Whether the proposed regulation establishes a new fee or increases an existing fee.

This does not increase any fees.

Persons wishing to comment upon the proposed action of the Department of Motor Vehicles may appear at the scheduled public workshops and/or may address their comments, data, views, or arguments, in written form to:

Lynn Libby, Management Analyst III
llibby@dmv.nv.gov
Department of Motor Vehicles
Management Services and Programs Division
555 Wright Way, Carson City, NV 89711

Written comments, data, views, or arguments must be received by the Department of Motor Vehicles by **1pm on October 10th, 2013** in order to be considered.

Dated: September 4, 2013
