AUTHORITY: § 445B.800

A REGULATION relating to registration or re-registration of vehicles which are temporarily being used out of State.

NAC 445B.5915 Requirements for registration of vehicle temporarily being used and maintained in another state. (NRS 481.051, 482.160)

1. The owner of a motor vehicle subject to registration in this State that requires testing for compliance with standards for emission control pursuant to this chapter and chapter 445B of NRS, but whose vehicle is temporarily being used and maintained in another state that also requires the testing of motor vehicles for compliance with standards for emission control, must submit with his or her application for registration or renewal of registration:

(a) Proof of compliance with the standards for emission control in the state in which the vehicle is temporarily being used and maintained *and was issued within the last 90 days*; or

(b) A waiver from ~~such testing based on the standards for waiver applicable in~~ the state in which the vehicle is temporarily being used and maintained. *The waiver should be based on waiver testing standards of the state of temporary residence and must be issued within the prior 90 days.*

2. If the registered owner of a vehicle subject to this section fails to comply with the provisions of subsection 1, the Department may, after notice and an opportunity for a hearing, suspend or cancel the registration of the vehicle.
