The following information is provided pursuant to the requirements of NRS 233B.060 and 233B.0603:

The purpose of proposed regulations is to amend Chapter 624 of the Nevada Administrative Code relating to classification C-10 and the imposition of administrative fines.

**2. Either the terms or the substance of the regulations to be adopted, amended or repealed or a description of the subjects and issues involved.**

The proposed regulation R018-14 amends the current C-10 Landscape classification to include tree trimming and removal of trees and tree stumps. Proposed regulation R019-14 modifies NAC 624.7251 to include standards used in the imposition of administrative fines for all violations of NRS 624. A copy of the proposed regulations may be obtained by visiting our website at [www.nscb.nv.gov](http://www.nscb.nv.gov) or writing to the Board's offices.

**3. The estimated economic effect of this proposed regulation on the business which it is to regulate and on the public.**

**(a) Adverse and beneficial effects.**

The adoption of proposed regulation R018-14 may result in an economic impact on those businesses that may be required to obtain licensure. The regulation should not result in any adverse economic effect on the general public. The adoption of proposed regulation R019-14 should not have any economic effect since it simply standardizes language already in statute.

**(b) Both immediate and long-term effects.**

The immediate and long term effect of implementing the provisions of R018-14 would require licensure for those individuals performing tree trimming and removal of trees and

tree stumps and should be beneficial to the public since licensees are required to comply with safety and insurance requirements. R019-14 provides standards used in the imposition of fines for all violations of NRS 624 and should not have significant immediate or long-term effects.

**4. The estimated cost to the agency for the enforcement of the proposed regulation.**

Cost to the agency should be minimal.

**5. A description of and citation to any regulations of other states or local governmental agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication and overlapping is necessary.**

Does not apply.

**7. If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.**

Does not apply.

**8. Whether proposed regulation establishes a new fee or increases an existing fee.**

The regulation does not establish a new fee or increase an existing fee.
