**Legislative Counsel's Digest:**

Existing law prescribes the duties of the Administrator of the Division of Industrial Relations of the Department of Business and Industry relating to the administration of the provisions of title 53 of NRS relating to industrial insurance and the handling of workers' compensation claims and the payment of such claims by employers, insurers and third-party administrators. The Administrator is authorized to adopt regulations to carry out these duties. (NRS 616A.400-616A.430)

**Section 1** of this regulation establishes provisions governing the transfer from one insurer or third-party administrator to another of the file of a claim of an injured employee, including the information which must be included and the persons to whom notice of such a transfer must be given.

**Sections 3, 14, 16-18 and 20** of this regulation update provisions setting forth information regarding obtaining copies of documents adopted by reference by the Administrator.

**Sections 5-7, 10, 11 and 13** of this regulation revise the duties of an insurer with regard to industrial insurance to extend those requirements to a third-party administrator as well.

**Section 8** of this regulation sets forth certain requirements concerning the purchase by an insurer or employer on behalf of an injured employee of a modified motor vehicle as an accident benefit.

**Section 21** of this regulation revises the duties of an insurer with regard to the vocational rehabilitation counselor assigned to a claim and the plan for a program of vocational rehabilitation created for an injured employee.

Existing regulations provide that, if after a hearing the Administrator determines that an insurer, third-party administrator, organization for managed care, provider of health care or employer has committed a violation of the laws and regulations enforced by the Administrator, the Administrator will serve the entity with a copy of the findings of facts and conclusions of law and notice of the right to petition for judicial review. (NAC 616D.060) **Section 22** of this regulation includes an employee leasing company as an entity upon whom the Administrator will serve a copy of the findings of facts and conclusions of law and notice of the right to petition for judicial review.

(NAC 617.080) **Section 25** of this regulation provides that an injured employee and his or her employer may agree in writing that the employee is responsible for scheduling such physical examinations.

**Section 26** of this regulation repeals certain provisions relating to coverage required to be provided by a sole proprietor and provisions relating to elective coverage of corporate officers, volunteers and real estate brokers, broker-salespersons and salespersons.

**616A.430 Clarification of certain provisions or relief from strict application. (NRS 616A.400)**

A brief explanation of the procedure for obtaining clarification of NAC 616A.420, 616C.091, 616C.094, 616C.145 to 616C.149, inclusive, 616C.423, 616C.447 or 616C.502, or relief from the strict application of any of their terms, may be obtained from the Division of Industrial Relations, 400 West King Street, Suite 400, Carson City, Nevada 89703.

**616B.780 Establishment of employer-employee relationship; liability of principal contractor for premiums. (NRS 616A.400)**

1. An employer who hires a person to do work related to, or in furtherance of, his or her business operations that are insured by a private carrier is presumed to have established an employer-employee relationship between himself or herself and the person performing the work in the absence of a written contract between the two parties which establishes that no employer-employee relationship exists between the two parties, in accordance with chapters 616A to 617, inclusive, of NRS.

2. If a subcontractor or independent contractor does not have an active policy with a private carrier, the principal contractor must be assessed premiums based on:

(a) The payroll for the period of the contract with the subcontractor or independent contractor;

(b) The appropriate classification for the work performed by the subcontractor or independent contractor; and

(c) The experience modification factor of the principal contractor.

3. A principal contractor may provide the complete payroll records of the employees of each uninsured subcontractor and independent contractor. Except as otherwise provided in this subsection, if the principal contractor does not provide the complete payroll records of the uninsured subcontractors and independent contractors, the full contract price shall be deemed to be the payroll for the employees of the subcontractors and independent contractors. If the contract is for labor and materials or labor and equipment and evidence is provided to the private carrier which indicates the portion of the contract price that is for labor, that amount may be deemed the payroll for the employees of the subcontractor or independent contractor. If such an amount is not indicated in the contract, the private carrier shall determine what portion of the contract price will be deemed the payroll for the employees of the subcontractor or independent contractor. In no case may the payroll used to calculate the premiums of the principal contractor be less than the portion of the contract price that is for labor.

4. If a subcontractor or independent contractor has a policy with a private carrier but fails to pay the proper premiums, the principal contractor is liable for the amount of any unpaid premiums based on the rate and modification factor for premiums of the subcontractor or independent contractor.

**616B.786 Coverage of sole proprietor acting as subcontractor or principal contractor.**  
**(NRS 616A.400)**

1. A sole proprietor acting as a subcontractor in this State who is licensed pursuant to chapter 624 of NRS shall be deemed to receive \$500 per month in wages. A sole proprietor

acting in alternating roles as a principal contractor and subcontractor shall be deemed to receive \$500 per month in wages. The type of license issued to the sole proprietor pursuant to chapter 624 of NRS does not affect the coverage or deemed wage required.

2. A sole proprietor acting only as a principal contractor may be relieved of the requirement of maintaining coverage for himself or herself by submitting written notice to the private carrier which insures him or her that he or she is acting only as a principal contractor. If the private carrier determines that the sole proprietor is acting only as a principal contractor, the private carrier shall terminate his or her deemed wage effective on the date of receipt of the written notice. The termination of the deemed wage must not be made retroactive to a date before receipt of the written notice by the private carrier. If, after the termination of the deemed wage, the private carrier determines that the sole proprietor was at any time acting as a subcontractor, the private carrier shall reinstate the deemed wage effective on the date on which it was terminated, but in no case may it be made retroactive for more than 3 years or to the date of the last audit, whichever is more recent. If a sole proprietor who was determined to be acting only as a principal contractor at the inception of his or her policy with a private carrier acts at any time thereafter as a subcontractor or in alternating roles as a principal contractor and subcontractor, his or her deemed wage becomes effective on the date of his or her first subcontract, but in no case may it be made retroactive for more than 3 years or to the date of the last audit, whichever is more recent.

3. If a sole proprietor acting as a subcontractor provides coverage for his or her employees but fails to secure and maintain coverage for himself or herself, the principal contractor is responsible for the payment of premiums for the sole proprietor during the term of the contract.

**616B.789 Use of wages in determining premium and disability compensation; liability of principal contractor for premiums. (NRS 616A.400)**

2. For the purposes of determining premium and disability compensation, the wage of a sole proprietor who is licensed pursuant to chapter 624 of NRS but who has failed to open or maintain an account in good standing and who is performing as a subcontractor to an insured principal contractor shall be deemed to be \$500 per month or \$17 per day for the period of the subcontract unless the contract specifies a wage greater than \$500 per month or \$17 per day for the sole proprietor.

3. For the purposes of determining the premium required to be paid by the principal contractor and disability compensation, the wages of an employee of a sole proprietor who is a subcontractor and has not obtained coverage for his or her employees must be the actual wages paid, if the payroll records are provided to the private carrier. In the absence of complete payroll records, subsection 3 of NAC 616B.780 applies.

4. The principal contractor is liable for the amount of any premiums payable as a result of the application of subsections 1, 2 and 3. The premium payable must be based on the classifications and rates that would be applicable to the subcontractor and the experience modification factor which would be applicable to the principal contractor.
