

**APPROVED REGULATION OF THE
NEVADA TAX COMMISSION**

Effective January 30, 2019

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§1 and 2, NRS 360.090 and 361.223.

A REGULATION relating to property taxes; revising provisions governing the continuing education required to be completed by appraisers certified by the Department of Taxation to conduct appraisals of property for the purposes of taxation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires certain persons who appraise property for taxation purposes to hold an appraiser's certificate issued by the Department of Taxation. (NRS 361.221) Each person who holds such an appraiser's certificate must complete 36 contact hours of appropriate training approved by the Department each fiscal year or, if the person attains a recognized professional designation or accumulates 180 contact hours of accepted training, must complete 36 contact hours every 3 years. (NRS 361.223)

Section 1 of this regulation revises existing regulations governing the approval of courses of training by the Department to specifically provide for the approval of courses providing instruction in certain subject matters.

Section 2 of this regulation revises existing regulations governing the award of contact hours for the completion of education courses approved by the Department. Specifically, **section 2** provides that: (1) the number of contact hours awarded by the Department may be the number of hours noted on the certificate of completion or other written documentation provided to the person completing the course; (2) the Department will not award contact hours for any portion of a course during which the person taking the course takes an examination for the course; (3) the number of contact hours awarded by the Department for the completion of a course will be based on the number of hours determined to be appropriate by the Department as of the date on which the course is completed, regardless of whether the content or length of the course changes after that date; and (4) the Department will not award contact hours for any course that the person completed during a 3-year period if the person completed that course during the immediately preceding 3-year period, unless the Department, in consultation with the Appraiser's Certification Board, determines that the course materials have been significantly changed or updated. **Section 2** also removes a provision of existing regulations that authorizes the Department to award contact hours to a person if at least 3 years has elapsed since the person attended the course and instead: (1) authorizes the Department to award contact hours to a person who completed a course more than 5 years before the person provides documentation of the

course to the Department if the contact hours are applied to the first 180 contact hours of accepted training required for that person; and (2) provides that the Department will not award contact hours to a person who has accumulated at least 180 contact hours unless the person completed the course for which contact hours are awarded not later than 3 years before the person provides documentation of the course to the Department. Finally, **section 2** revises existing regulations to refer to the requirement of existing law for the completion of 36 contact hours every 3 years by a person who has attained a recognized professional designation or accumulated 180 contact hours of accepted training.
