DEPARTMENT OF EDUCATION**

**LCB File No. R011-18**

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §1, NRS 391.055.

A REGULATION relating to education; revising provisions concerning the reporting of arrests of licensed employees of a school district or charter school; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Existing law requires the Department of Education to adopt regulations that establish a procedure for the notification, tracking and monitoring of the status of criminal cases involving licensed educational personnel. (NRS 391.055) Existing law also requires the board of trustees of each school district and the governing body of each charter school to adopt a policy which requires a licensed employee to report to the school district or charter school if the employee is arrested for or convicted of a crime. (NRS 391.056) Existing regulations require each superintendent of a school district or administrative head of a charter school who receives such a report of the arrest of a licensed employee to notify the Department of the arrest on a form prescribed by the Department. (NAC 391.480) This regulation requires that form to include whether the victim of the alleged crime for which the licensed employee was arrested was a pupil enrolled at any public school or private school in this State.

Existing regulations provide that the superintendent of a school district or administrative head of a charter school is not required to submit such a form if the crime for which the licensed employee is arrested is a minor traffic violation. (NAC 391.480) This regulation instead provides that the superintendent of a school district or administrative head of a charter school is not required to submit such a form if the crime for which the licensed employee is arrested is a traffic violation punishable as a misdemeanor in this State other than driving under the influence of an intoxicating liquor or controlled substance.
