LEGISLATIVE REVIEW OF ADOPTED REGULATIONS AS REQUIRED  
BY ADMINISTRATIVE PROCEDURES ACT, NRS 233B.066

LCB File No. R110-18

**Amendments to NAC 391.065 and repeal of NAC 391.075 – Regulations relating to education; revising the educational requirements for renewing the licenses of teachers and other educational personnel; and providing other matters properly relating thereto.**

INFORMATIONAL STATEMENT

The following statement is submitted for adopted amendments to Nevada Administrative Code 391:

**1. A clear and concise explanation of the need for the adopted regulation.**

The need and purpose of the proposed amendments to NAC Chapter 391 are based on recommendations from the Nevada Department of Education. Existing law requires the Commission on Professional Standards in Education to adopt regulations prescribing the qualifications for licensing teachers and other personnel. (NRS 391.019) Existing regulations require, as educational prerequisites for the renewal of a license that: (1) a licensee earn 6 semester hours of credit or the equivalent during the term of the license; (2) certain licensees earn at least 3 semester hours or the equivalent pertaining to teaching English as a second language or English language acquisition and development; and (3) certain licensees show evidence of professional growth in the area of endorsement. (NAC 391.065) **Section 1** of this regulation removes those requirements for all licenses issued on or after the effective date of this regulation, and **section 2** of this regulation removes corresponding language. **Section 1** instead requires a licensee to: (1) complete certain professional development, in-service training or course work; (2) if the licensee holds a master's degree or more advanced degree, teach a course at a regionally accredited college or university; or (3) complete the requirements for accreditation by the National Board for Professional Teaching Standards or its successor organization. **Section 1** also authorizes a licensee who is unable to complete the required annual professional development, in-service training or course work to complete those requirements during the immediately following calendar year under certain circumstances. Finally, **section 1** provides that a licensee who holds a special license that is only endorsed for substitute teaching in kindergarten through grade 12 is exempt from the educational prerequisites for renewal of the license. **Section 3** of this regulation repeals a provision prescribing certain ways in which a licensee may earn credits for renewal. These changes will impose less of a burden on educators seeking to renew a license by allowing them to use job-embedded professional development to fulfill renewal requirements rather than requiring them to complete additional college or university coursework, and will help ensure that educators are completing some form of documented professional development each year that they are licensed.
