Notice of Workshop and Hearing for the Adoption, Amendment or Repeal of Regulations of
The State of Nevada Contractors Board

The State of Nevada Contractors Board (Board) will conduct a public workshop on Monday, September 9, 2019 at 9:00 a.m. and a public hearing on Monday, September 16, 2019 at 9:00 a.m. The workshop and hearing will be video-conferenced between the Board's Henderson office located at 2310 Corporate Circle, Suite 200, Henderson, Nevada 89074 and the Reno office located at 5390 Kietzke Lane, Suite 102, Reno, Nevada, 89511.

The following information is provided pursuant to the requirements of NRS 233B.060 and 233B.0603:

1. The need for and purpose of the proposed regulation or amendment.

The purpose of the proposed regulation is to amend Chapter 624 of the Nevada Administrative Code in order to: 1) Reduce barriers to licensure and provide greater portability by expanding and clarifying types of experience documentation needed for an applicant to become a license contractor; and, 2) Resolve conflict among various statutory schemes that can be reconciled and clarified with defining the employer-employee relationship as used in NRS Chapter 624.

2. Either the terms or the substance of the regulations to be adopted, amended or repealed or a description of the subjects and issues involved.

The proposed regulation changes NAC 624.590 by expanding the types of experience documentation necessary for an applicant to become a licensed contractor. Additional language defines "employer" and "employee" as those terms are used in the statues and regulations to remove ambiguity.

3. The estimated economic effect of this proposed regulation on the business which it is to regulate and on the public.

(a) Adverse and beneficial effects.

The proposed regulation will either have a positive or no economic impact as it seeks to expand and clarify the types of experience documentation necessary for an applicant to become a licensed contractor, and defines "employer" and "employee" as those terms are used in the statues and regulation to remove ambiguity. The regulation should not result in any adverse economic effect on the general public.

(b) Both immediate and long-term effects.

The immediate and long term effect of implementing the provisions of the proposed regulation would remove barriers to licensure and enhance portability by expanding the types of experience documentation needed for an applicant to become licensed. Additionally, the proposed regulation would resolve conflict among various statutory schemes that can be reconciled and clarified with defining the employer-employee relationship as used in NRS Chapter 624.

4. The estimated cost to the agency for the enforcement of the proposed regulation.

The proposed regulation will not result in any cost to the agency.

5. A description of and citation to any regulations of other states or local governmental agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication and overlapping is necessary.

The proposed regulation does not overlap or duplicate any regulation.

6. If the regulation is required pursuant to federal law, a citation and description of the federal law.

Does not apply.

7. If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.

Does not apply.

8. Whether proposed regulation establishes a new fee or increases an existing fee.

The regulation does not establish a new fee or increase an existing fee.
