

LEGISLATIVE REVIEW OF ADOPTED REGULATIONS--NRS 233B.066
Informational Statement
LCB File No. R030-19

1. A clear and concise explanation of the need for the adopted regulation.

The regulation amends NAC 704.8877, 704.8899, and 704.8881 to extend the deadline by which providers must submit their annual portfolio standard compliance reports from April 1 to April 15 and to extend the time allotted for the Commission to issue an order determining whether a provider has complied with its portfolio standard requirements from 30 to 90 days. The amendments are necessitated by the growing number of providers subject to the compliance requirements due to the increasing number of eligible customers transitioning from fully bundled retail electric service under NRS Chapter 704B.

2. Description of how public comment was solicited, a summary of public response, and an explanation of how other interested persons may obtain a copy of the summary.

(a) Copies of the proposed regulation, notice of intent to act upon the regulation and notice of workshop and hearing were sent by U.S. mail and email to persons who were known to have an interest in the subjects of noticing and interventions. These documents were also made available at the website of the PUCN, <http://puc.nv.gov>, mailed to all county libraries in Nevada, published in the following newspapers:

5. A description of how comment was solicited from affected businesses, a summary of their response and an explanation of how other interested persons may obtain a copy of the summary.

Comments were solicited from affected businesses in the same manner as they were solicited from the public.

The summary may be obtained as instructed in the response to question 2(c).

- 6. If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.**

Staff suggested a minor addition to the regulation during the workshop. NCP and NV Energy supported that change. The Commission's adopted regulation contains Staff's suggested change.

- 7. The estimated economic effect of the regulation on the business which it is to regulate and on the public. These must be stated separately, and in each case must include: both adverse and beneficial effects, and both immediate and long-term effects.**

- (a) Estimated economic effect on the businesses which they are to regulate.**

The regulation does not impose any adverse economic effect on the businesses the regulation is to regulate.

- (b) Estimated economic effect on the public which they are to regulate.**

The regulation does not regulate the public.

- 8. The estimated cost to the agency for enforcement of the proposed regulation:**

Any costs associated with the regulation are considered incremental in nature.

- 9. A description of any regulations of other State or governmental agencies which the regulation overlaps or duplicates and a statement explaining why the duplication or overlap is necessary. If the regulation overlaps or duplicates a federal regulation, the name of the regulating federal agency.**

The regulation does not overlap any other State, governmental agency, or federal regulations.

- 10. If the regulation includes provisions that are more stringent than a federal regulation that regulates the same activity, a summary of such provisions.**

N/A

- 11. If the regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.**

12. If the proposed regulation is likely to impose a direct and significant burden upon a small business or directly restrict the formation, operation or expansion of a small business, what methods did the agency use in determining the impact of the regulation on a small business?

Staff conducted a Delphi Method exercise to determine the impact of this proposed regulation on small businesses. The Delphi Method is a systematic, interactive, forecasting method based on independent inputs of selected experts. In this instance, the participants were members of Staff. Each participant in the exercise used his background and expertise to reflect upon and analyze the impact of the proposed regulation on small businesses. Based upon Staff's analysis, Staff recommended to the Commission that the Commission find that the proposed regulation will not impose a direct and significant economic burden on small businesses or directly restrict the formation, operation or expansion of a small business. The Commission accepted Staff's recommendation and found that the proposed regulation does not impose a direct or significant economic burden upon small businesses, nor does it directly restrict the formation, operation, or expansion of a small business, and therefore a small business impact statement pursuant to NRS 233B.0608(2) is not required. This finding was memorialized in an Order issued in Docket No. 18-12014 on October February 5, 2019.
