

**REVISED PROPOSED REGULATION OF THE DIVISION OF
MINERALS OF THE COMMISSION ON MINERAL RESOURCES**

LCB File No. R044-19

September 3, 2019

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§1-11, NRS 513.063 and 519A.290; §12, NRS 513.063 and 519A.250.

A REGULATION relating to mining; revising the provisions governing deposit calculations for participation in the program for the pooling of reclamation performance bonds; revising provisions relating to the calculation of bond premiums; revising provisions relating to the payment of bond premiums; revising the application process for the bond pool; revising provisions relating to the release of certain deposits and unused premiums paid into the bond pool; making various other changes related to the program; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires the Division of Minerals of the Commission on Mineral Resources to develop and administer a program providing for the pooling of reclamation performance bonds and requires the Division to adopt regulations relating to the administration of the program. (NRS 519A.290)

Existing regulations require each operator that wishes to participate in the bond pool to pay an entry deposit. (NAC 519A.595) **Section 3** of this regulation revises the formulas and classifications used to calculate the amount of an entry deposit.

Section 5 of this regulation revises the definition of “mining operation” so the term no longer excludes an aggregate or sand pit.

Section 6 of this regulation revises the definition of “plan” to include plans for reclamation filed with and approved by the Division of Environmental Protection of the State Department of Conservation and Natural Resources.

Existing regulations require each operator that wishes to participate in the program to submit an application. (NAC 519A.570) **Section 7** of this regulation provides that applications for bond coverage for notice-level projects are exempt from certain requirements. **Section 2** of this regulation defines “notice-level project” as an exploration project causing or proposing to cause a surface disturbance of not more than 5 acres on public lands.

Existing regulations require each participant in the bond pool to pay premiums for each bond. (NAC 519A.595) **Section 9** of this regulation provides that premiums for a bond for a notice-level project must be paid annually and all other bond premiums must be paid in quarterly installments.

Existing regulations provide for the release of the entry deposit and unused premiums paid by a participant after the participant has met certain requirements. (NAC 519A.610) **Section 11** of this regulation revises those provisions to authorize the partial release of certain additional premiums paid by a participant under certain circumstances.

With certain exceptions, existing regulations provide that the Division of Minerals will partially refund certain required fees for filing a plan of operation to the operator if the plan is amended to reduce the size of an area to be disturbed. Currently, no refund is available for fees related to filing a notice. (NAC 519A.635) **Section 12** of this regulation eliminates the provision that excludes notices from the refund provisions.

Section 1. Chapter 519A of NAC is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this regulation.

(a) Before August 23, 2002, the deposit is equal to 15 percent of his or her bond coverage at the time of entry into the bond pool or amendment of the plan, as applicable.

$$\frac{3}{299,000 \quad (\text{amount of bond} - 10,000) + 50}$$

3. The deposit and any addition to the original deposit must remain in the bond pool until the participant has been released by the responsible regulatory authority from further reclamation liability. The deposit will not be released in the event of a forfeiture.

The notice will be sent to the participant and the responsible regulatory authority by certified mail, return receipt requested, at least 30 calendar days before any action concerning termination is taken by the Administrator or a person designated by the Administrator.

3. If full payment of the quarterly or annual premium, including any penalty, is not received within 70 calendar days after the date on which it is due, the Division will send a notice to the responsible regulatory authority and the participant by certified mail, return receipt requested, that his or her participation in the bond pool is terminated.
