Edward O. Cousineau, J.D.
Executive Director

Informational Statement LCB File No. R086-19

The following statement is submitted for adopted amendments to Nevada Administrative Code (NAC) Chapter 630.

1. A Clear and Concise Explanation of the Need for the Adopted Regulation.

This regulation is necessary to comply with recent statutory changes. Specifically, NRS 630.253 prescribes that the Board must require continuing education for its licensees in certain areas, as applicable. In the 2019 Legislative Session, SB315 added a requirement in NRS 630.253(6) that the Board “encourage” each holder of a license to practice medicine or as a physician assistant to receiving continuing education in the diagnosis of rare diseases, including without limitation, recognizing the symptoms of pediatric cancer and interpreting family history to determine whether such symptoms indicate a normal childhood illness or a condition that requires additional examination. This regulation carries out the requirement in NRS 630.253(6) and encourages those licensees to obtain continuing education in those areas by allowing those licensees double credit, up to a maximum of eight (8) hours of credit, if the licensee attends continuing education courses on the diagnosis of rare diseases.

2. A Description of How Public Comment Was Solicited, a Summary of Public Response, and an Explanation How Other Interested Persons May Obtain a Copy of the Summary.

Copies of the proposed regulations, notices of workshop and notices of intent to act upon the regulation were sent by U.S. mail and email to persons who were known to have an interest in regulations adopted by the Board as well as any persons who had specifically requested such notice. These documents were also made available at the Board’s website, http://medboard.nv.gov/About/Proposed_Regulations/, posted at notice.nv.gov and <https://www.leg.state.nv.us/App/Notice/A/>, mailed to all county libraries in Nevada for posting, and posted at the following locations:

6. If the Regulation Was Adopted Without Changing Any Part of the Proposed Regulation, A Summary of the Reasons for Adopting the Regulation Without Change.

This regulation was adopted by the Board at a public meeting held on June 5, 2020. It was adopted without changes because no comments or suggested changes were received.

7. The Estimated Economic Effect of the Adopted Regulation on the Businesses Which It Is To Regulate and on the Public. These Must Be Stated Separately, And Each Case Must Include: (a) Both Adverse and Beneficial Effects; and (b) Both Immediate and Long-Term Effects.

(a) Both Adverse and Beneficial Effects.

There are no adverse effects of this regulation. The beneficial effects of this regulation are that it will encourage physicians and physician assistants to take continuing education courses on the diagnosis of rare diseases pursuant to NRS 630.253(6) as amended in 2019.

(b) Both Immediate and Long-Term Effects.

Immediate and long-term effects are that it will encourage physicians and physician assistants to take continuing education courses on the diagnosis of rare diseases pursuant to NRS 630.253(6) as amended in 2019.

8. The Estimated Cost to the Agency for Enforcement of the Adopted Regulation.

There are no estimated costs to the agency for enforcement of the adopted regulation.

9. A Description of Any Regulations of Other State or Government Agencies Which the Proposed Regulation Overlaps or Duplicates and a Statement Explaining Why the Duplication or Overlapping Is Necessary. If the Regulation Overlaps or Duplicates a Federal Regulation, the Name of the Regulating Federal Agency.

There are no other state or government agency regulations that the proposed regulation duplicates. Instead, this regulation encourages physicians and physician assistants to take continuing education courses on the diagnosis of rare diseases pursuant to NRS 630.253(6) as amended in 2019.

10. If the Regulation Includes Provisions That Are More Stringent Than a Federal Regulation Which Regulates the Same Activity, a Summary of Such Provisions.

There are no federal regulations that apply.

11. If the Regulation Provides a New Fee or Increases an Existing Fee, the Total Annual Amount the Agency Expects to Collect and the Manner in Which the Money Will Be Used.

This regulation does not provide a new fee or increase an existing fee.
