

LEGISLATIVE REVIEW OF ADOPTED REGULATIONS--NRS 233B.066
Informational Statement
LCB File No. R123-19

1. A clear and concise explanation of the need for the adopted regulation.

This regulation achieves the objective of alignment with NRS 202.3673.

The proposed new regulation in Section 1 institutes the requirement that an employee with a concealed carry permit who carries a concealed firearm in the public building in which he or she is employed, must notify the appointing authority or designated representative. Establishing this requirement is necessary to support the ability to discipline an employee for failure to make such notification.

The amendment to NAC 284.650 in Section 2 allows appropriate disciplinary or corrective action may be taken against an employee who fails to provide notification to the appointing authority or designated representative that he or she is carrying a concealed firearm at the public building which he or she is employed.
