R126-19: Enhanced Administrative Process for NDEP Certification Programs

Nevada's Division of Environmental Protection (NDEP) is proposing to amend Chapters 445A and 459 of the Nevada Administrative Code (NAC). Chapters 445A and NRS 459 of the Nevada Revised Statutes (NRS) establish the authority of the State Environmental Commission to adopt regulations governing multiple certification programs administered by NDEP. These include Drinking Water Operators and Wastewater Treatment Operators (both programs within NRS 445A), and Certified Environmental Managers, Underground Storage Tank Testers, and Underground Storage Tank Handlers (all programs within NRS 459 and certified by NDEP's Bureau of Corrective Actions). NDEP is proposing NAC regulatory amendments that provide a clear process for the implementation of its existing disciplinary authority. The proposed amendments will ensure all

certified individuals subject to disciplinary action will have well-defined due process and appeal procedures.

No economic impact will be realized by the public or by the enforcing agency. The proposed amendments do not overlap, duplicate, or conflict with any other state or federal regulations and are not more stringent than what is established by federal law. The proposed amendments do not address fees.

Additional Information:

Pursuant to NRS 233B.060, the regulatory petition posted on the SEC website three working days before the hearing will be the regulation considered for adoption.

Persons wishing to comment on the proposed actions of the SEC may join the scheduled public hearing at the link or telephone number above or may address their comments, data, views, or arguments in written form to: State Environmental Commission, 901 South Stewart Street, Suite 4001, Carson City, Nevada 89701-5249. The SEC must receive written submissions at least five days before the scheduled public hearing.

If no person who is directly affected by the proposed action appears to request time to make an oral presentation, the SEC may proceed immediately to act upon any written submissions.

If open, members of the public can inspect copies of the regulations to be adopted at the State Library and Archives in Carson City (100 Stewart Street), and at the offices of the Division of Environmental Protection in Carson City and Las Vegas. The Carson City office is located at 901 South Stewart Street, Suite 4001 and the Las Vegas office is located at 375 East Warm Springs Road, Suite 200.
