1. A clear and concise explanation of the need for the adopted regulation.

The purpose of the proposed regulation is to amend Chapter 624 of the Nevada Administrative Code in order to: 1) Reduce barriers to licensure and provide greater portability by expanding and clarifying types of experience documentation needed for an applicant to become a license contractor; and, 2) Resolve conflict among various statutory schemes that can be reconciled and clarified with defining the employer-employee relationship as used in NRS Chapter 624.

Additionally the notice of workshop and hearing, and the proposed regulation were mailed to approximately 485 individuals and organizations on the agency's mailing list to receive notice of regulation hearings.
