(NRS 392.435, 394.192, 432A.230, 432A.235; NAC 441A.755) Existing law provides an exemption to immunization requirements for religious beliefs and medical conditions if a written statement provided to the respective school or facility indicates such religious beliefs or medical conditions. Existing regulations list the communicable diseases which a child must be immunized against before attending a public or private school.
