AUTHORITY: §1, NRS 453.146, 453.2182 and 639.070.

A REGULATION relating to controlled substances; adding certain immediate precursors to fentanyl to the list of controlled substances set forth in schedule II of the Uniform Controlled Substances Act; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law authorizes the State Board of Pharmacy to add, delete or reschedule substances listed as controlled substances in schedules I, II, III, IV and V of the Uniform Controlled Substances Act by regulation. (NRS 453.146) Existing law also provides that if a substance is designated, rescheduled or deleted as a controlled substance pursuant to federal law, the Board is required, with certain exception, to similarly treat the substance under the Uniform Controlled Substances Act. (NRS 453.2182) This regulation adds certain immediate precursors to fentanyl to the list of controlled substances set forth in schedule II of the Uniform Controlled Substances Act, consistent with federal regulations. (21 C.F.R. § 1308.12)
