**Legislative Counsel's Digest:**

Existing law requires the Private Investigator's Licensing Board to adopt regulations governing private investigation in this State. (NRS 648.030)

Existing law requires a regulatory agency to provide by regulation for the issuance of a license by endorsement to engage in an occupation or profession in this State. (NRS 622.530)

Existing law provides for the licensing of private investigators, private patrol officers, process servers, repossessors, dog handlers, security consultants and polygraphic examiners and interns. (Chapter 648 of NRS) **Section 4** of this regulation authorizes the Board to issue a license by endorsement to practice as a private investigator, private patrol officer, process server, repossessor, dog handler, security consultant or polygraphic examiner or intern. **Section 4** requires an applicant for such a license by endorsement to meet certain minimum qualifications. **Section 4** further sets forth the requirements for submitting the application for a license by endorsement to the Board.

**Section 5** of this regulation authorizes the Board to audit the records of a licensee to ensure compliance with existing law and regulations. **Section 5** also sets forth the manner in which the Board will conduct the audit, including the types of records that the Board may request from the licensee.

Existing law authorizes the Board to collect fees for the issuance or renewal of a license under certain circumstances. (NRS 648.120) **Section 6** of this regulation requires that before a license is issued or renewed, certain fees be collected by the Board for the: (1) issuance of the license; (2) annual renewal of the license; and (3) renewal of a license held in abeyance.

**Section 7** of this regulation requires a registered employee to carry his or her work card or provisional work card while performing his or her duties of employment.

Existing law authorizes the Board to employ an Executive Director of the Board. (NRS 648.025) Existing regulations require the Chair of the Board to hire an Executive Director. (NAC 648.120) **Section 8** of this regulation requires the Board to annually review the salary of the Executive Director.

Existing law authorizes the Board to prescribe the duties of the Executive Director. (NRS 648.025) Existing regulations require the Executive Director to perform certain duties. (NAC 648.140) **Section 9** of this regulation, in addition to the existing duties, requires the Executive Director to serve as the custodian of records for the Board.

Existing regulations require a licensee to surrender his or her license when the licensee becomes a qualifying agent of a corporate licensee. (NAC 648.260, 648.265) **Sections 11 and 12** of this regulation require the license to be placed in abeyance, not surrendered. **Section 3** of this regulation defines the term “qualifying agent.”

Existing regulations also authorize a licensee who becomes a qualifying agent of a corporate licensee to place his or her license in abeyance as long as he or she refrains from engaging in licensed activities independent of his or her position as a qualifying agent. (NAC 648.330) **Section 14** of this regulation requires such a licensee who becomes a qualifying agent to place his or her license in abeyance and refrain from engaging in licensed activities independent of his or her position as a qualifying agent.

Existing law requires an applicant for a license to pass: (1) a written examination; and (2) an oral examination under certain circumstances. (NRS 648.100) Existing regulations require the Board to prepare examinations to be administered by local law enforcement or a police officer. Existing regulations also provide that the examinations will be administered in January, April,

July and October of each year. (NAC 648.310) **Section 13** of this regulation requires the Board to both prepare and administer the examinations. **Section 13** also provides that the Board may administer the examinations at additional times prescribed by the Board.

Existing regulations require an unlicensed person, a private patrol officer or a security guard to pass an examination before being employed by a licensee. (NAC 648.341) **Section 17** of this regulation no longer distinguishes between an unlicensed person, a private patrol officer or a security guard, meaning that all unlicensed persons must take and pass an examination.

Existing regulations prohibit a licensee from employing an unlicensed person who is or becomes employed in a position that makes the unlicensed person eligible to contribute to any public employees' retirement system under certain circumstances. Existing regulations authorize the Board to exempt the licensee from such a prohibition if the Board determines that the activities conducted by the unlicensed person on behalf of the licensee would not: (1) pose as a conflict of interest with the public employer of the unlicensed person; or (2) create the possibility that the unlicensed person would use his or her position with the public employer to his or her advantage in his or her private activities. (NAC 648.338) **Section 15** of this regulation authorizes the Executive Director, or his or her designee, instead of the Board, to make such a determination regarding the exemption from the prohibition on hiring the unlicensed person.

Existing regulations require a licensee to instruct an unlicensed person who meets certain qualifications to apply for registration and to, among other duties, obtain two complete sets of fingerprints for submittal to the Board. (NAC 648.3385) **Section 16** of this regulation instead requires the submission of only one set of fingerprints to the Board.

Existing regulations require a licensee to keep a passport-sized photograph of each employee. (NAC 648.3385) **Section 16** of this regulation requires the licensee to keep a copy of the work card issued by the Board for each employee, instead of the passport-size photograph.

Existing regulations require the Board to establish and maintain an Internet website that contains records concerning each person: (1) who is registered with the Board; (2) who has applied to register with the Board; and (3) whose registration has expired with the Board. (NAC 648.3435) **Section 19** of this regulation, in addition to those records already required to be maintained on the Internet website, requires the Board to maintain records concerning: (1) each person who completes a course of training in carrying, handling and using firearms safely; and (2) information concerning any other training that is required by the Board.

If a person who is registered with the Board becomes employed by another or additional licensee, existing regulations require the licensee who is the new employer to file a change of employment notice on the Internet website maintained by the Board within 5 days of the change. (NAC 648.344) **Section 20** of this regulation provides that if a person registered by the Board is terminated by his or her employer, then the former employer must notify the Board of the termination of employment on the Internet website maintained by the Board. **Section 20** also requires that both the notification for a change of employment or termination of employment to be made within 3 days of the change or termination. Further, **section 20** requires a licensee that employs a registered person to terminate the employment of the registered person if he or she has not worked for the licensee within the last 12 months.

Existing regulations prohibit a licensee or employee who is registered with the Board from carrying a firearm unless the licensee or employee: (1) is certified by the Board as a firearms instructor; or (2) has completed and received certification from a course of training approved by the Board in carrying, handling and using firearms safely. (NAC 648.345) **Section 21** of this regulation, in addition to the training or certification requirements, requires the licensee or employee to be at least 21 years of age in order to carry a firearm while in the course of his or her employment.

**Section 21** also prohibits a person who is provisionally registered from: (1) attending and being certified in a course of training in carrying, handling and using firearms safely; and (2) carrying a firearm while on duty in the course of his or her employment.

Existing regulations require an applicant who wishes to become a firearms instructor to pay an application fee of \$100 to the Board. Existing regulations also require a firearms instructor to pay a renewal fee of \$100 to the Board for his or her certification to be a firearms instructor. (NAC 648.345) **Section 21** of this regulation increases these fees to \$250.

Existing regulations require an applicant who wishes to become a firearms instructor to meet certain requirements, including, a requirement that the applicant successfully complete a course of fire established by the Board which requires, among other qualifications, that the applicant receive a minimum score of 275 out of 300 on a full-size B27-type target for each type of firearm for which the applicant wishes to provide instruction. (NAC 648.345) **Section 21** of this regulation removes the minimum score and instead requires the applicant to obtain at least a 90 percent in the course of fire.

Existing law authorizes the Board to adopt regulations requiring licensees and employees of licensees to attend courses in firearm safety. (NRS 648.030) Existing regulations establish the minimum curriculum for a course of training concerning carrying, handling and using firearms safely. Existing regulations require the curriculum to include the fundamentals in handling a handgun. (NAC 648.346) **Section 22** of this regulation additionally requires the curriculum to include instruction on the fundamentals of handling a rifle and shotgun.

Existing regulations require the course of training in carrying, handling and using firearms safely to include at least 5 hours of instruction and training at a firing range during which the person must qualify to use the same caliber of firearm as he or she will use while on duty. (NAC 648.346). **Section 22** of this regulation increases the hours of instruction and training from 5 hours to 8 hours.

Existing regulations also require a participant in a course of training in carrying, handling and using firearms safely to complete a course of fire with a passing score of 75 percent. Existing regulations specifically outline the qualifications for the course of fire. (NAC 648.346) **Section 22** of this regulation removes the detailed qualifications for the course of fire, and instead requires the participant to obtain a passing score of at least 75 percent in a course of fire established and maintained by the Board.

Existing regulations require a firearms instructor to, within 5 days of the successful completion by a participant in a course of training in handling, carrying and using firearms

safely, to register the successful participant by submitting a form to the Board. (NAC 648.350) **Section 23** of this regulation instead requires the firearm instructor to record certain information relating to the person and the training within 2 days of the successful completion of the course on the Internet website maintained by the Board.

Existing regulations require certain fines to be paid to the Board by cashier's check or money order. (NAC 648.433, 648.439) **Sections 25 and 26** of this regulation authorize payment of the fine by credit card or debit card, in addition to payment by cashier's check or money order.

Existing regulations require an applicant or licensee to submit a color photograph of a uniform, badge or patch the applicant or licensee intends to use. Existing regulations prohibit the uniform, badge or patch from being deceptively similar to that of another licensee or a law enforcement agency. (NAC 648.530) **Section 27** of this regulation additionally requires an applicant or licensee to submit a color photograph of any logo or marked vehicle the applicant or licensee intends to use. **Section 27** also sets forth a list of prohibited uses of uniforms, badges, patches, logos and marked vehicles. Finally, **section 27** provides certain requirements for marked vehicles used by an applicant or licensee.

Existing regulations set forth certain requirements concerning records of examinations and further places certain duties on persons to maintain those records. (NAC 648.343) **Section 28** of this regulation repeals those requirements.

**Sections 10, 18 and 24** of this regulation make conforming changes.

↪ The Board will, upon completion of its investigation, notify the licensee whether the license will be returned.
