A REGULATION relating to stop-loss insurance; requiring certain policies for stop-loss insurance relating to group health plans to satisfy certain standards and include certain provisions and information; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law authorizes the Commissioner of Insurance to adopt reasonable regulations for the administration of the Nevada Insurance Code. (NRS 679B.130)

Existing regulations prohibit an insurer from issuing a policy for stop-loss insurance for a group health plan if the policy for stop-loss insurance: (1) fails to meet certain standards for attachment points for individuals and groups; or (2) provides direct coverage of health care expenses of an individual. Existing regulations further provide that if a policy for stop-loss insurance for a group health plan fails to meet such standards or provides such direct coverage, the policy will be deemed to be a health benefit plan. (NAC 689B.350) **Section 1** of this regulation requires a policy for stop-loss insurance to: (1) not be issued for a small employer group that offers a group health plan to fewer than 15 employees; (2) not provide direct coverage of the health care expenses of an individual; and (3) have certain standard attachment points for individuals and groups. **Section 1** requires a policy for stop-loss insurance for a group health plan that is delivered to, issued for delivery to or entered into with a small employer to: (1) include certain provisions and information; and (2) not include any provision which allows lasing or allows claims to be paid directly to certain individuals. **Section 1** requires an insurer that issues a policy for stop-loss insurance to: (1) provide a small employer applying for a policy for stop-loss insurance a form that is approved by the Commissioner and includes certain information; and (2) annually provide certain information to the Commissioner on or before April 1 of each year. **Section 1** also provides that certain policies of stop-loss insurance are not required to include guaranteed issue and guaranteed renewability provisions.

Existing law relating to health insurance for small employers authorizes the Commissioner to adopt regulations to: (1) carry out the provisions relating to health benefit plans; and (2) prescribe standards for determining whether a policy issued as a stop-loss policy is a health benefit plan. (NRS 689C.155, 689C.940) Existing regulations prohibit an insurer from

issuing a policy for stop-loss insurance that fails to meet certain standards for attachment points for individuals and groups. Existing regulations further provide that if a policy for stop-loss insurance fails to meet such standards, the policy will be deemed to be a health benefit plan. (NAC 689C.250) **Section 2** of this regulation requires a policy for stop-loss insurance to: (1) not be issued for a small employer group that offers a group health plan to fewer than 15 employees; (2) not provide direct coverage of the health care expenses of an individual; and (3) have certain standard attachment points for individuals and groups. **Section 2** requires a policy for stop-loss insurance for a group health plan that is delivered to, issued for delivery to or entered into with a small employer to: (1) include certain provisions and information; and (2) not include any provision which allows laserling or allows claims to be paid directly to certain individuals. **Section 2** requires an insurer that issues a policy for stop-loss insurance to: (1) provide a small employer applying for a policy for stop-loss insurance a form that is approved by the Commissioner and includes certain information; and (2) annually provide certain information to the Commissioner on or before April 1 of each year. **Section 2** also provides that certain policies of stop-loss insurance are not required to include guaranteed issue and guaranteed renewability provisions.

Existing law authorizes the Commissioner to adopt such reasonable regulations relating to the substance, form and issuance of any contract covering the furnishing of hospital or medical or dental services. (NRS 695B.280) Existing regulations prohibit a nonprofit insurer from issuing a policy for stop-loss insurance for a hospital, medical or dental service plan if the policy for stop-loss insurance: (1) fails to meet certain standards for attachment points for individuals and groups; or (2) provides direct coverage of health care expenses of an individual. Existing regulations further provide that if a policy for stop-loss insurance for a hospital, medical or dental service plan fails to meet such standards or provides such direct coverage, the policy will be deemed to be a health benefit plan. (NAC 695B.250) **Section 3** of this regulation requires a policy for stop-loss insurance to: (1) not be issued for a small employer group that offers a group health plan to fewer than 15 employees; (2) not provide direct coverage of the health care expenses of an individual; and (3) have certain standard attachment points for individuals and groups. **Section 3** requires a policy for stop-loss insurance for a group health plan that is delivered to, issued for delivery to or entered into with a small employer to: (1) include certain provisions and information; and (2) not include any provision which allows laserling or allows claims to be paid directly to certain individuals. **Section 3** requires a nonprofit insurer that issues a policy for stop-loss insurance to: (1) provide a small employer applying for a policy for stop-loss insurance a form that is approved by the Commissioner and includes certain information; and (2) provide certain information to the Commissioner on or before April 1 of each year. **Section 3** also provides that certain policies for stop-loss insurance are not required to include guaranteed issue and guaranteed renewability provisions.
