BOARD OF PSYCHOLOGICAL EXAMINERS**

LCB File No. R175-20

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§ 1 and 2, NRS 641.100 and 641.110; § 3, NRS 641.100.

A REGULATION relating to psychology; revising provisions relating to certain requirements for licensure as a psychologist; revising the standards of conduct for psychologists; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law authorizes the Board of Psychological Examiners to adopt regulations governing the licensure of psychologists and the practice of psychology. (NRS 641.100)

Existing regulations authorize the Board to issue a license to practice psychology to an applicant who meets certain criteria and who: (1) has been licensed to practice psychology not less than 20 years in other states of the United States or in Canada; or (2) has been licensed to practice psychology continuously for 5 years in a jurisdiction whose requirements have been determined by the Board to be at least equivalent to the requirements of the laws of this State governing the licensure of psychologists. Existing regulations authorize the Board to require applicants for these types of licensure to appear before the Board to demonstrate the applicant’s moral character, current fitness to practice psychology or intent to practice psychology in a manner consistent with his or her education, training and experience. (NAC 641.025, 641.028)

Sections 1 and 2 of this regulation remove the authority of the Board to require the applicant to appear before the Board to demonstrate the applicant’s moral character and, thus, authorize the Board to require the applicant to appear before the Board to demonstrate his or her current fitness to practice psychology or intent to practice psychology in a manner consistent with his or her education, training and experience.

Existing regulations establish a code of conduct for psychologists. (NAC 641.200-641.255) Existing regulations prohibit a psychologist from engaging in conduct in the practice of psychology which evidences moral unfitness to practice the profession. (NAC 641.208) **Section 3** of this regulation removes the word “moral” and, thus, prohibits a psychologist from engaging in conduct which evidences unfitness to practice the profession.
