

## INFORMATIONAL STATEMENT

R177-20

### 1. A clear and concise explanation of the need for the adopted regulation:

NRS Chapter 289 authorizes the Commission to adopt regulations establishing minimum standards for the certification and decertification, recruitment, selection and training of peace officers. (NRS 289.510)

Existing regulations establish the minimum standard of training for peace officers in training category I and require a peace officer in training category I to complete a basic course that includes, among other items, the DWI Detection and standardized field sobriety Testing course approved by the National Highway Traffic Safety Administration.

(NAC289.140) This proposed regulation adds the Advanced Roadside Impaired Driving Enforcement course approved by the National Highway Traffic Safety Administration to the basic course for a peace officer in training category I.

This net increase of four hours of drug-driving detection training will have a positive impact on public safety by having a better-trained law enforcement officer on Nevada roads.
