

Informational Statement

The information required by NRS 233B.066 is provided below:

1. A clear and concise explanation of the need for the adopted regulation.

NRS 293.124 provides the Secretary of State, as the Chief Officer of Elections for the State of Nevada, the authority to adopt such regulations as are necessary to carry out the provisions of title 24 of NRS. The purpose of the proposed amendment is to codify standards and procedures for various election functions. Specifically authorizing the creation and setting forth the duties of vote adjudication boards; setting forth certain duties for ballot duplicating boards; and providing other matters properly relating thereto.

2. A description of how public comment was solicited, a summary of the public response and an explanation of how other interested persons may obtain a copy of the summary.

The Office of the Secretary of State solicited comment on the proposed amendment by posting a notice with links to the full text of the proposed amendment to the LCB Administrative Regulation Notices website, Secretary of State's website, and Nevada Public Notice website as well as posting notices and agendas in numerous public locations pursuant to NRS 233B. The notices were also distributed through the agencies 'eNotifier' application which sent them to approximately 670 individual email addresses.

The Office of the Secretary of State also posted links to all notices and proposed text on the agency Twitter page for both the Secretary of State (@NVSOS) and Elections Division (@NVElect). All 17 county clerks and registrars were given a copy of all notices and proposed text along with the guidance to distribute to anyone who may be interested.

A workshop was held regarding this regulation on January 19, 2022 and February 4, 2022, and the adoption hearing was held on February 22, 2022. The notices, proposed text, and link to the video of the workshop and adoption hearing are posted at the following website:

<https://www.nvsos.gov/sos/elections/election-information/elections-regulations>

Written comments received prior to each adoption hearing are available upon request.

There was limited public response about this unique regulation. Comments received generally called for the elimination of all proposed regulations including this one.

- 6. If the regulation was adopted without changing any part of the proposed regulation, a summary of the reasons for adopting the regulation without change.**

Comments generally called for the elimination of all proposed regulations. Other suggestions recommended mandating tri-partisan observation instead of bi-partisan and the elimination of the phrase 'when practicable'. This suggestion requires further analysis during the 2022 election cycle and may not be possible across the state. Further suggestions included clarifying guidance relating to voter intent, which is already under development.

7. The estimated economic effect of the regulation on the business which it is to regulate and on the public. These must be stated separately, and in each case must include: (1) Both adverse and beneficial effects; and (2) Both immediate and long-term effects.

8. The estimated cost to the agency for enforcement of the proposed regulation.

There is no anticipated cost related to the enforcement of the proposed regulation.

9. A description of any regulations of other state or government agencies which the proposed regulation overlaps or duplicates and a statement explaining why the duplication or overlapping is necessary. The proposed regulation does not overlap or duplicate any other regulations of another state or government agency.

10. If the regulation includes provisions which are more stringent than a federal regulation which regulates the same activity, a summary of such provisions.

This regulation does not include provisions which are more stringent than a federal regulation which regulates the same activity.

11. If the regulation provides a new fee or increases an existing fee, the total annual amount the agency expects to collect and the manner in which the money will be used.

This regulation does not provide a new fee or increase an existing fee.
