Legislative Counsel's Digest:

Existing law provides for the licensure and regulation of barbers, apprentice barbers, instructors of barbers, barbershops and barber schools by the State Barbers' Health and Sanitation Board. (Chapter 643 of NRS)

Existing law authorizes the Board to adopt regulations governing the conduct of barber schools. (NRS 643.050) Existing law requires the Board to require an applicant for a license to operate a barber school to submit, among other things, information showing the financial ability of the applicant to operate the barber school in accordance with the requirements of existing law and regulations governing barber schools. Existing law authorizes the Board to prescribe the form of such information by regulation. (NRS 643.174) **Section 2** of this regulation requires an applicant for a license to operate a barber school to submit to the Board certain specified financial information. **Section 2** also requires such an applicant to file with Board a surety bond.

Existing law requires the Board to require, as a prerequisite for the renewal of an instructor's license, continuing education in the form of seminars or other training. (NRS 643.176) **Section 3** of this regulation requires the holder of an instructor's license to have completed at least 16 hours of continuing education in the year immediately preceding the renewal of his or her license. At least 2 hours must include instruction in teaching methodologies. **Section 3** requires the continuing education to be in the form of seminars, courses or other training approved by the Board. **Section 4** of this regulation sets forth the process by which the Board will approve such seminars, courses or training.

Existing law and regulations authorize a licensed cosmetologist who has completed 400 hours of special training at an approved barber school to apply for examination to become a licensed barber without being licensed as an apprentice. (NRS 643.085; NAC 643.020) **Section 5** of this regulation requires such a licensed cosmetologist to complete a 250-hour refresher course from an approved barber school if he or she completed the 400 hours of special training more than 12 months before applying for examination to become a licensed barber.

Existing regulations require an applicant for a license as a barber by endorsement to submit two affidavits from individuals who previously worked with the applicant in his or her position as a licensed barber. (NAC 643.025) **Section 6** of this regulation requires such individuals to be or have been owners or managers of a barbershop.

Section 7 of this regulation eliminates the requirement that an agreement for the leasing of a barber's chair by an apprentice be submitted to the Board. (NAC 643.240)

Section 8 of this regulation eliminates provisions of existing regulations prohibiting an examination for an instructor's license from being given more than twice per year. (NAC 643.450)

Existing regulations require that 1,300 of the 1,500 hours of instruction that students are required to receive in a course of instruction at barber school to be practical work on a patron in a barber's chair. Existing regulations require such practical work to include a specified number of certain procedures. (NAC 643.660) **Section 9** of this regulation authorizes 10 percent or less of those procedures to be performed on a mannequin. **Section 10** of this regulation makes a conforming change to reflect the addition of the provisions in **section 9**.

Existing law sets forth certain unlawful practices relating to barbering. (NRS 643.190) Existing law requires the Board to assess administrative fines in specified amounts for engaging in such practices. (NRS 643.220) **Section 11** of this regulation eliminates certain provisions of existing regulations that provide the Board with discretion in assessing and determining the amount of administrative fines for engaging in such practices to reflect the mandate imposed on the Board under existing law to assess administrative fines in certain specified amounts for engaging in such practices.
