

**PROPOSED REGULATION OF THE
STATE EMERGENCY RESPONSE COMMISSION**

LCB File No. R059-22

June 23, 2022

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§ 1-9 and 13, NRS 459.740; §§ 10 and 11, NRS 459.735 and 459.740; § 12, NRS 459.704 and 459.740.

A REGULATION relating to emergency planning; authorizing the State Emergency Response Commission to establish certain committees; revising provisions related to emergency plans and local emergency planning committees; providing that the Commission will annually review its bylaws; eliminating obsolete references to the Department of Public Safety; providing that the Commission will assign the debt for certain unpaid fees to the State Controller for collection; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law authorizes the State Emergency Response Commission to adopt regulations for the purpose of enforcing its responsibilities pursuant to federal law. (NRS 459.740) Existing federal law requires the Commission to fulfill various duties related to emergency response, including the appointment, supervision and coordination of local emergency planning committees and the establishment of procedures for receiving and processing information. (42 U.S.C. §§ 11001 et seq.)

Section 2 of this regulation authorizes the Commission to establish a legislative committee to assist the Commission in matters concerning changes to federal and state laws and regulations which relate to the responsibilities of the Commission.

Section 3 of this regulation authorizes the Commission to establish a policy committee to assist the Commission in: (1) matters concerning policy, including, without limitation, implementing or amending policies that are consistent with federal and state laws and regulations and are relevant to the Commission; and (2) implementing or complying with any audit findings that affect the Commission.

Section 4 of this regulation authorizes the Commission to establish a radiological committee to assist the Commission in supporting state agencies, local governments and tribal governments in implementing provisions of the State of Nevada Preventative Radiological and Nuclear Detection Concept of Operations and the State of Nevada Radiological and Nuclear Detection Sustainment Plan.

Existing regulations provide that, in accordance with the requirements of federal law, the Commission will: (1) designate emergency planning districts in this State to facilitate the preparation and implementation of emergency plans; and (2) establish a local emergency

planning committee for an emergency planning district. Existing regulations further require a local emergency planning committee to establish an emergency plan that complies with certain guidelines and annually submit such emergency plan to the Planning and Training Subcommittee. Through its Planning and Training Subcommittee, the Commission will annually review the emergency plan of each local emergency district and approve the emergency plan if it complies with certain guidelines for emergency plans. (NAC 459.99131, 459.99133) **Section 9** of this regulation provides instead that a local emergency planning committee must annually submit the emergency plan to the Commission for the Planning and Training Subcommittee to review and approve.

Existing regulations define the term “emergency plan” to mean an emergency plan established by a local emergency planning committee to respond to an emergency caused by the release of a hazardous material. (NAC 459.99123) **Section 6** of this regulation provides instead that the term “emergency plan” means a plan established by a local emergency planning committee to respond to an emergency caused by the release of a hazardous material.

Existing regulations provide that the Commission, through its Bylaws Committee, will annually review the bylaws of each local emergency planning committee to ensure compliance with federal and state laws and regulations. (NAC 459.99131) **Section 7** of this regulation provides that the Commission, through its Bylaws Committee, will annually review such bylaws to also ensure compliance with any other requirements set forth by the Commission. **Sections 5 and 7** of this regulation provide that the Commission, through its Bylaws Committee, will annually review the bylaws of the Commission.

Existing regulations require each local emergency planning committee to: (1) annually submit to the Bylaws Committee a copy of its bylaws and a list of its members; and (2) submit to the Commission a copy of the agenda and minutes of every meeting. (NAC 459.99132) **Section 8** of this regulation requires instead that each local emergency planning committee: (1) annually submit to the Commission a copy of its bylaws and a list of its members; and (2) submit to the Commission a copy of the agenda and minutes of every meeting at the same time the agenda and minutes are each made available to the public.

Existing law creates the Division of Emergency Management within the Office of the Military. (NRS 414.040) **Sections 10 and 11** of this regulation eliminate obsolete references to the Division being within the Department of Public Safety.

Existing regulations set forth: (1) fees for certain services and regulatory activities of the Commission; (2) fees required for facilities in which extremely hazardous material is stored; (3) fees for extremely hazardous material manufactured for transport; and (4) reporting fees for submission of a toxic release form. (NAC 459.9918, 459.99181, 459.99182, 459.991825) Existing regulations further provide that if a person fails to pay such fees, the Commission will send a written notice to the person. If the person fails to pay such fees within 90 days after receiving such written notification, the Commission will submit the matter to the Attorney General to initiate proceedings against the person, as the failure to pay such fees is a misdemeanor. (NRS 459.775, NAC 459.99183) **Section 12** of this regulation provides that the Commission will also assign the debt for collection of the unpaid fees to the State Controller.

Existing regulations set forth a process for a local emergency planning committee or state agency to file an appeal of a decision by the Commission or by a staff member of the Commission with the Executive Director of the Commission. (NAC 459.99189) **Section 13** of this regulation provides instead that such an appeal may be filed with the Administrator of the Commission.

Section 1. Chapter 459 of NAC is hereby amended by adding thereto the provisions set forth as sections 2, 3 and 4 of this regulation.

Sec. 2. *The Commission may establish a legislative committee to assist the Commission in matters concerning changes to federal and state laws and regulations which relate to the responsibilities of the Commission.*

Sec. 3. *The Commission may establish a policy committee to assist the Commission in:*

1. Matters concerning policy, including, without limitation, implementing or amending policies that are consistent with federal and state laws and regulations and which relate to the responsibilities of the Commission; and

2. Implementing or complying with any audit findings that affect the Commission.

Sec. 4. *The Commission may establish a radiological committee to assist the Commission in providing support to state agencies, local governments and tribal governments in implementing provisions of the State of Nevada Preventative Radiological and Nuclear Detection Concept of Operations and the State of Nevada Radiological and Nuclear Detection Sustainment Plan.*

Sec. 5. NAC 459.99121 is hereby amended to read as follows:

459.99121 “Bylaws Committee” means the committee established by the Commission to review annually the *bylaws of the Commission and the* bylaws *and membership list* of a local emergency planning committee.
