Upon adoption of any regulation, the agency, if requested to do so by an interested person, either before adoption or within 30 days thereafter, shall issue a concise statement of the principal reasons for and against its adoption, and incorporate therein its reason for overruling the consideration urged against its adoption.

The following information is provided pursuant to the requirements of Nevada Revised Statutes (“NRS”) 233B.0603:

- (1) Why is the regulation necessary and what is its purpose?

The Division’s Product Compliance team completed its mandatory 10-year review of Title 57 regulations and identified regulations related to insurance products that are obsolete due to changes in Nevada statutes or federal law, or they are a duplication of language that is already contained in the Nevada Revised Statutes. This regulation is intended to repeal obsolete regulations or regulations that duplicate provisions set forth in statute.

- (2) What are the terms or substance of the proposed regulation? Provide a description of the subjects, issues and problems involved.

The sections of the Nevada Administrative Code (“Code”) being repealed come from six different chapters of the Nevada Administrative Code:

1. CHAPTER 680A - AUTHORIZATION OF INSURERS AND GENERAL REQUIREMENTS;
2. CHAPTER 688C - VIATICAL SETTLEMENTS;
3. CHAPTER 689C - HEALTH INSURANCE FOR SMALL EMPLOYERS;
4. CHAPTER 690C - SERVICE CONTRACTS;
5. CHAPTER 695B - NONPROFIT CORPORATIONS FOR HOSPITAL, MEDICAL AND DENTAL SERVICE; and
6. CHAPTER 695C - HEALTH MAINTENANCE ORGANIZATIONS

The repeal of language in NAC chapter 680A is being proposed because countersignatures are no longer allowed in state law after a federal court ruling and countersignature requirements have been removed from Title 57 in prior sessions of the Nevada Legislature. In addition, the licensing requirements related to vending machines are obsolete and therefore not needed.

The repeal of language in NAC chapter 688C relates to viatical settlements, and the language is already provided for in the Nevada Revised Statutes, which makes it a duplication in the NAC.

The repeal of language in NAC chapter 689C is due to changes in the federal Affordable Care Act, which make the requirements for these specific disclosure forms and denial of coverage to small employers obsolete.

The repeal of language in NAC chapter 690C is due to the language already being provided for in the Nevada Revised Statutes, which makes it a duplication in the NAC.

The repeal of language in NAC chapter 695B is due to changes in the federal Affordable Care Act, which make the requirements for these disclosures in advertising and sales materials obsolete.

The repeal of language in NAC chapter 695C is due to changes in the federal Affordable Care Act, which make the requirements for HMOs regarding their applications, filings and disclosures in advertising and

sales materials that are addressed in our code obsolete. In addition, in 2019, HMOs were added to the Nevada Life and Health Guaranty Association, so their policyholders/members are now covered in the event of an insolvency. Therefore, the requirements in NAC 695C.135 and .137 are no longer needed.

(3) What is the anticipated impact of the regulation on the problem(s)?

No impact is anticipated because provisions being repealed are either obsolete or have been changed through federal laws and state statutes.

(4) Do other regulations address the same problem(s)?

No other regulations would address these issues.

(5) Are alternate forms of regulation sufficient to address the problem(s)?

There are no alternative forms of regulation that could address obsolete code other than repeal.

(6) What value does the regulation have to the public?

The public benefits by having laws that are integrated or compatible, making it less confusing for members of the public to understand their rights and the obligations of insurers or other licensees that provide insurance coverage or services to them.

(7) What is the anticipated economic benefit of the regulation? Provide a statement as to potential beneficial impact on the following:

- a. Public
  - 1. Immediate: - No impact, regulations are obsolete or duplicative.
  - 2. Long Term: - No impact, regulations are obsolete or duplicative.
  
- b. Insurance Business
  - 1. Immediate: - No impact, regulations are obsolete or duplicative.
  - 2. Long Term: - No impact, regulations are obsolete or duplicative.
  
- c. Small Businesses
  - 1. Immediate: - No impact, regulations are obsolete or duplicative.
  - 2. Long Term: No impact, regulations are obsolete or duplicative.
  
- d. Small Communities
  - 1. Immediate: No impact, regulations are obsolete or duplicative.
  - 2. Long Term: No impact, regulations are obsolete or duplicative.
  
- e. Government Entities
  - 1. Immediate: No impact, regulations are obsolete or duplicative.
  - 2. Long Term: No impact, regulations are obsolete or duplicative.

(8) What is the anticipated adverse impact, if any? Provide a statement as to any anticipated adverse impact, including adverse economic effects, on the following:

- a. Public
  - 1. Immediate: none
  - 2. Long Term: none
- b. Insurance Business
  - 1. Immediate: none
  - 2. Long Term: none
- c. Small Businesses
  - 1. Immediate: none
  - 2. Long Term: none
- d. Small Communities
  - 1. Immediate: none
  - 2. Long Term: none
- e. Government Entities
  - 1. Immediate: none
  - 2. Long Term: none

(9) What is the anticipated cost of the regulation, both direct and indirect? Provide a statement as to the cost of:

- a. Enactment – There will be no additional cost from the enactment of this regulation.
- b. Enforcement - There will be no additional cost from the enforcement of this regulation.
- c. Compliance - There will be no additional cost from the compliance of this regulation.

(10) Provide a statement indicating whether the regulation establishes a new fee or increases an existing fee.

No new or increased fee will result from the enactment of this regulation.

(11) Provide a statement which identifies the methods used by the agency in determining the impact of the proposed regulation on a small business, prepared pursuant to subsection 3 of NRS 233B.0608.

Division experts within the Product Compliance Section conducted an analysis of regulations in the Nevada Administrative Code to identify those that are obsolete or duplicative. Given that the regulations are obsolete or duplicative, the analysis indicated that the repeal of these regulations would have no economic impact.

(12) Provide a description of any regulations of other state or local governmental agencies which the proposed regulation overlaps or duplicates, and a statement explaining why the duplication or

overlapping is necessary. If the regulation overlaps or duplicates a federal regulation, state the name of the regulating federal agency.

There are not any other overlaps or duplications with other state or local governmental agencies.

(13) If the regulation is required pursuant to federal law, provide a citation and description of the federal law.

Federal law is not implicated for the following regulations proposed for repeal in these chapters: Chapter 680A; Chapter 688C; Chapter 689C; Chapter 690C; Chapter 695B;

Federal law was enacted which makes the regulations proposed for repeal under Chapter 695C obsolete.

(14) If the regulation includes provisions which are more stringent than a federal regulation that regulates the same activity, provide a summary of such provisions.
