

**PROPOSED REGULATION OF THE
STATE BOARD OF PHARMACY**

LCB File No. R085-24

June 3, 2024

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§ 1 and 2, NRS 639.070 and 639.266.

A REGULATION relating to pharmacy; revising requirements concerning the documentation of counseling of a patient by a pharmacist, intern pharmacist or dispensing practitioner; requiring a pharmacy or dispensing practitioner to have certain staff; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law requires a pharmacist, upon receiving a prescription and after reviewing the record of the patient, to communicate with the patient or a person caring for the patient matters which will enhance therapy through drugs. Existing law requires such communication to include appropriate elements of counseling, as prescribed by regulations of the State Board of Pharmacy. (NRS 639.266) **Section 2** of this regulation requires a pharmacy or dispensing practitioner to ensure that the pharmacy or dispensing practitioner, as applicable, has adequate staff to comply with all legal requirements governing the counseling of patients.

Existing regulations require a pharmacy or dispensing practitioner to maintain a record of medication for each person to whom a prescription has been dispensed by the pharmacy or dispensing practitioner, as applicable. (NAC 639.708) **Section 2** requires such a record to include: (1) the prescription number; (2) the date and time that the prescription was dispensed; and (3) certain information about counseling provided to the patient or the refusal of the patient to accept such counseling. **Section 1** of this regulation removes an existing requirement that is partially duplicative of the requirements being added by **section 2**.

Section 1. NAC 639.707 is hereby amended to read as follows:

639.707 1. Except as otherwise provided in this section, a pharmacist, an intern pharmacist under the supervision of a pharmacist or a dispensing practitioner shall verbally

provide a patient or a person caring for the patient with information about each prescription drug or device dispensed to the patient that:

(a) Has not been previously dispensed to the patient from that pharmacy or dispensing practitioner, as applicable; or

(b) Has been previously dispensed to the patient from that pharmacy or dispensing practitioner, as applicable, including, without limitation, a prescription drug or a device that is being refilled, if, in the professional judgment of the pharmacist, intern pharmacist or dispensing practitioner:

(1) The information would further or improve the drug therapy of the patient; or

(2) A reasonable concern relating to the safety or efficacy of the drug therapy of the patient was raised by the review of the patient's record that the pharmacist, intern pharmacist or dispensing practitioner conducted pursuant to subsection 4.

2. The information provided by the pharmacist, intern pharmacist or dispensing practitioner pursuant to subsection 1 may include, without limitation:

(a) The name and a description of the drug;

(b) The form of dosage, dose, route of administration and duration of drug therapy;

(c) The intended use of the drug or device and expected responses from that use;

(d) Any special directions and precautions for the preparation, administration and use of the drug or device by the patient;

(e) Any common severe side effects, interactions and contraindications that may occur, recommendations to avoid these side effects, interactions or contraindications, and the action required if they occur;

(f) Techniques for the patient or the person caring for the patient to monitor the drug therapy;

- (g) Proper storage of the drug or device;
- (h) Information about refilling the prescription;
- (i) Actions to be taken in the event of a missed dose;
- (j) Any relevant information contained in the record of medication of the patient; and
- (k) Any other information which, in the professional judgment of the pharmacist, intern pharmacist or dispensing practitioner, is necessary to ensure the safe and effective use of the drug or device by the patient.

3. The pharmacist or intern pharmacist shall provide the information required pursuant to subsections 1 and 2 in written form to the patient if a drug or device will be distributed to the patient outside the confines of the pharmacy by mail or any other delivery service. A pharmacist or intern pharmacist is not required to provide written information pursuant to this subsection if the drug or device is being delivered to a patient who is in a licensed medical facility where other licensed health care professionals are authorized to administer drugs.

4. The pharmacist, intern pharmacist or dispensing practitioner shall review a patient's record before dispensing a prescription to determine its therapeutic appropriateness and, in making that determination, may consider, without limitation:

- (a) Overutilization of the drug and drug misuse;
- (b) Underutilization of the drug;
- (c) Therapeutic duplications, contraindications and any warning labels or other information included with the drug;
- (d) Interactions between the drug and any:
 - (1) Other drugs which the patient is taking or has recently taken;
 - (2) Diseases which the patient has, including any stages of that disease; and

(3) Allergies that the patient may have; and

(e) Incorrect dosage or duration of treatment.

5. A pharmacist, intern pharmacist or dispensing practitioner is not required to counsel a patient pursuant to this section if the patient or a person caring for the patient refuses to accept the counseling.

~~{6. Except as otherwise provided in subsection 7, the pharmacist, intern pharmacist or dispensing practitioner shall, at the time that counseling is provided or refused:~~

~~—(a) Initial a written document that is maintained at the pharmacy or at the primary place of business of the dispensing practitioner to record whether counseling was provided to or refused by a patient or the person caring for the patient; or~~

~~—(b) Enter, pursuant to NAC 639.751, initials onto a record in a computerized system used by the pharmacy or dispensing practitioner, as applicable, for recording information concerning prescriptions to indicate whether counseling was provided to or refused by a patient or the person caring for the patient.~~

~~—7. The pharmacist, intern pharmacist or dispensing practitioner is not required to comply with the provisions of subsection 6 if the prescription drug or device dispensed to the patient is being refilled.}~~

Sec. 2. NAC 639.708 is hereby amended to read as follows:

639.708 To facilitate counseling regarding a prescription, a pharmacy or dispensing practitioner shall:

1. Maintain a record of medication for each patient to whom a prescription has been dispensed by that pharmacy or dispensing practitioner, as applicable. The record must:

(a) Be retrievable for use by the pharmacist or dispensing practitioner;

(b) Be maintained for at least 2 years after the most recent entry;

(c) List all prescriptions dispensed to the patient at that pharmacy or by the dispensing practitioner; ~~and~~

(d) Include ~~and~~ *for each prescription dispensed at the pharmacy or by the dispensing practitioner:*

(1) All data required to be placed on the prescription ~~and~~;

(2) The prescription number;

(3) The date and time on which the prescription was dispensed; and

(4) If counseling is required by NAC 639.707:

(I) A notation of whether such counseling was provided by a pharmacist, intern pharmacist or dispensing practitioner or refused by the patient or a person caring for the patient that is made at the time the counseling was provided or refused and initialed by the pharmacist, intern pharmacist or dispensing practitioner who provided or offered to provide the counseling; and

(II) The date on which the counseling was provided or refused, as applicable.

2. Make a reasonable effort to obtain and retain in the record of medication the:

(a) Telephone number or numbers, if any, of the patient;

(b) Gender of the patient;

(c) Age or date of birth of the patient;

(d) History of the patient, including allergies, reactions to particular drugs and any medications or medical devices used by the patient; and

(e) Any comments relevant to the drug therapy of the patient, including any other information which is specific to the patient or drug.

3. Ensure that a pharmacist or dispensing practitioner who has access to the medical records of the patient is available by telephone during business hours and, for a pharmacy that routinely delivers prescriptions outside of the trade area covered by local telephone service, provide a toll-free telephone number.

4. Include with each prescription container of a pharmacy that is delivered or distributed by a public carrier:

- (a) The local, and if applicable toll-free, telephone numbers of the pharmacy;
- (b) The hours during which the patient may contact the pharmacy by telephone; and
- (c) A written notice in substantially the following form:

Written information about this prescription has been provided for you. Please read this information before you take this medication. If you have questions concerning this prescription, a pharmacist is available between the hours of and to answer your questions.

5. Maintain the confidentiality of each patient's records, including prescriptions, pursuant to NRS 449A.112 or 639.238, as applicable. A pharmacist or dispensing practitioner shall not divulge the contents of a patient's records, except as authorized by NRS 639.238 or any other applicable provision of law.

6. Make available to a practitioner, upon request, all information relating to a prescription that is provided to a patient of that practitioner by the pharmacist, an intern pharmacist or a dispensing practitioner.

7. Ensure that counseling is conducted in a confidential manner to prevent disclosure of information to any person other than the patient or the person caring for the patient.

8. Ensure that the pharmacy or dispensing practitioner has adequate staff to comply with the requirements of this section, NAC 639.707 and any other requirements of federal or state law or the regulations of the Board regarding the counseling of patients.
