SMALL BUSINESS IMPACT STATEMENT

EFFECTIVE DATE OF REGULATION:

Upon filing with the Nevada Secretary of State

Background:

NAC 707.100 provides policy for the submission of emergency contact information. This regulation is proposed to be repealed because it is duplicative of what statute requires and adds a layer of complexity to the Division's responsibilities. Further, information is not being received in the manner prescribed by the regulation therefore the Division has since developed internal policies and procedures for the collection, maintenance and use of emergency contact information.

Description of Solicitation: Comments were solicited through a workshop held on April 24, 2023 and a public meeting held on August 1, 2024. No comments were submitted on record or in writing during the workshop or public meeting. Notices for the public workshop and meeting were posted on the Division's public website: https://rccd.nv.gov/Resources/Public_Notices/; the Nevada Public Notice website: <https://notice.nv.gov/>; the Nevada State Legislature website: <https://www.leg.state.nv.us/App/Notice/A/>. Physical notices were posted at: The Division's physical location 333 West Nye Lane, Carson City, NV 89706 Nevada State Library and Archives, 100 N. Stewart St., Carson City, NV 89701 Carson City Library, 900 N. Roop St., Carson City, NV 89701 Department of Motor Vehicles, 555 Wright Way, Carson City, NV 89701

**Does the proposed regulation impose a direct and significant economic burden upon a small business or directly restrict the information, operation or expansion of a small business?
(NRS 233B.0608(1))**

No, the proposed repeal does not impose a direct or significant economic burden upon a small business or directly restrict the information, operation or expansion of a small business.

How was that conclusion reached?

The Records, Communications and Compliance Division used informed, reasonable judgement in determining that there would not be an impact to small business due to the nature of the regulation repeal for NAC 707.100.

The Division proposes to repeal NAC 707.100 because it was duplicative of what the statute requires and added a layer of complexity to the Division's responsibilities. Information is not being received in the manner prescribed by regulation therefore the Division has developed and implemented internal policies and procedures for the collection, maintenance and use of emergency contact information.

I, Erica Souza-Llamas, Division Administrator, certify that, to the best of my knowledge or belief, a concerted effort was made to determine the impact of the proposed regulation on small business, and that the information contained in the statement above is accurate. (NRS 233B.0608(3))
