1 Existing law: (1) creates a health district in a county whose population is 700,000 or more
2 (currently only Clark County); and (2) authorizes the board of county commissioners and the
3 governing bodies of any towns or cities in a smaller county to create a health district. (NRS
4 439.361, 439.362, 439.370) Existing law provides for the creation of a district health
5 department in a health district. (NRS 439.362, 439.370) **Sections 1 and 2** of this bill: (1)
6 require a district health department in a county whose population is 100,000 or more
7 (currently Clark and Washoe Counties), upon the request of the Nevada Gaming Control
8 Board, to advise the Board concerning public health matters relating to licensed gaming
9 establishments in the health district; and (2) authorize such a district health department, upon
10 the request of the Board, to enforce regulations adopted by the Board concerning matters of
11 public health against such an establishment.

12 **Sections 3-15** of this bill generally: (1) require the Director of the Department of Health
13 and Human Services and district boards of health in a county whose population is 100,000 or
14 more (currently Clark and Washoe Counties) to adopt by regulation requirements to reduce
15 and prevent the transmission of SARS-CoV-2 in public accommodation facilities in those
16 counties which apply only during the duration of a declaration of a public health emergency
17 due to SARS-CoV-2 and during other periods in which conditions concerning the prevalence
18 of SARS-CoV-2 exist; and (2) provide for the enforcement of those regulations.

19 **Section 11** of this bill requires the Director to adopt regulations requiring a public
20 accommodation facility to establish standards for the cleaning of public accommodation
21 facilities that are designed to reduce the transmission of SARS-CoV-2. **Section 12** of this bill
22 requires the Director to adopt regulations requiring each public accommodation facility to
23 establish protocols to: (1) limit the transmission of SARS-CoV-2; and (2) train staff
24 concerning the prevention and mitigation of SARS-CoV-2 transmission.

25 **Section 13** of this bill requires the Director to adopt regulations requiring each public
26 accommodation facility to establish, implement and maintain a written SARS-CoV-2 response
27 plan that provides testing and time off for employees who have been exposed to SARS-CoV-2
28 or are experiencing the symptoms of COVID-19. **Section 13** authorizes: (1) the Nevada
29 Gaming Control Board to require a public accommodation facility under its jurisdiction to

40 Director to allow any interested person to comment on the adoption, amendment or repeal of
41 those regulations. **Section 10** also prohibits the Director from adopting regulations more
42 stringent than necessary to carry out the requirements of this bill. **Section 15** of this bill

44 or more to adopt regulations that are substantively identical to the regulations adopted by the
45 Director in **sections 11-14** and to subsequently amend or repeal its regulations in a
46 conforming manner. **Section 14** provides for the enforcement by the health authority and the

50 entities and private nonprofit organizations are immune from civil liability for personal injury
51 or death resulting from exposure to COVID-19, if the business, governmental entity or private

55 nonprofit organization violated controlling health standards with gross negligence and the
56 gross negligence was the proximate cause of the personal injury or death. **Section 29** requires
57 the court, as a matter of law, to determine substantial compliance with controlling health
58 standards. **Section 34** of this bill provides that these procedures apply to any cause of action
59 or claim that accrues before, on or after the effective date of this bill and before the later of:
