AN ACT relating to public health; providing certain powers and duties in certain circumstances to a district health department in certain larger counties relating to public health in licensed gaming establishments; requiring the Department of Health and Human Services to establish minimum standards for cleaning in public accommodation facilities in certain counties; requiring the Department to adopt regulations requiring such a facility to adopt protocols and plans concerning the prevention of and response to SARS-CoV-2; providing for inspection of such facilities for compliance with such requirements; limiting the civil liability of certain businesses conducted for profit, governmental entities and private nonprofit organizations for personal injury or death resulting from exposure to COVID-19; authorizing the Secretary of State to suspend the state business license of a person that does not comply with certain health standards related to COVID-19; requiring the transfer of certain money to certain health districts for enforcement purposes; **making an appropriation**; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law: (1) creates a health district in a county whose population is 700,000 or more (currently only Clark County); and (2) authorizes the board of county commissioners and the governing bodies of any towns or cities in a smaller county to create a health district. (NRS 439.361, 439.362, 439.370) Existing law provides for the creation of a district health department in a health district. (NRS 439.362, 439.370) **Sections 1 and 2** of this bill: (1) require a district health department in a county whose population is 100,000 or more (currently Clark and Washoe Counties), upon the request of the Nevada Gaming Control Board, to advise the Board concerning public health matters relating to licensed gaming establishments in the health district; and (2) authorize such a district health department, upon the request of the Board, to enforce regulations adopted by the Board concerning matters of public health against such an establishment.

Sections 3-15 of this bill generally: (1) require the Director of the Department of Health and Human Services and district boards of health in a county whose population is 100,000 or more (currently Clark and Washoe Counties) to adopt by regulation requirements to reduce and prevent the transmission of SARS-CoV-2 in public accommodation facilities in those counties which apply only during the duration of a declaration of a public health emergency due to SARS-CoV-2 and during other periods in which conditions concerning the prevalence of SARS-CoV-2 exist; and (2) provide for the enforcement of those regulations.

Section 11 of this bill requires the Director to adopt regulations requiring a public accommodation facility to establish standards for the cleaning of public accommodation facilities that are designed to reduce the transmission of SARS-CoV-2. **Section 12** of this bill requires the Director to adopt regulations requiring each public accommodation facility to establish protocols to: (1) limit the transmission of SARS-CoV-2; and (2) train staff concerning the prevention and mitigation of SARS-CoV-2 transmission.

Section 13 of this bill requires the Director to adopt regulations requiring each public accommodation facility to establish, implement and maintain a written SARS-CoV-2 response plan that provides testing and time off for employees who have been exposed to SARS-CoV-2 or are experiencing the symptoms of COVID-19. **Section 13** authorizes: (1) the Nevada Gaming Control Board to require a public accommodation facility under its jurisdiction to submit a copy of its written SARS-CoV-2 response plan to the Board; and (2) the health authority to require a public accommodation facility that is not under the jurisdiction of the Board to submit a copy of its written SARS-CoV-2 response plan to the health authority. **Sections 13, 32 and 33** of this bill provide for the confidentiality of those plans. **Section 14** of this bill requires the Director to adopt regulations prohibiting a public accommodation facility from retaliating against an employee for participating in proceedings related to **sections 3-15** or seeking enforcement of those provisions.

Section 31 of this bill exempts the regulations that the Director is required to adopt in **sections 11-14** from the requirements of the Nevada Administrative Procedure Act concerning the adoption, amendment or repeal of regulations. However, **section 10** of this bill requires the Director to allow any interested person to comment on the adoption, amendment or repeal of those regulations. **Section 10** also prohibits the Director from adopting regulations more stringent than necessary to carry out the requirements of this bill. **Section 15** of this bill requires a district board of health of a health district in a county whose population is 100,000 or more to adopt regulations that are substantively identical to the regulations adopted by the Director in **sections 11-14** and to subsequently amend or repeal its regulations in a conforming manner. **Section 14** provides for the enforcement by the health authority and the Nevada Gaming Control Board of the regulations adopted pursuant to and other provisions of **sections 11-15**. **Sections 16-22** of this bill make conforming changes.

Section 29 of this bill provides that certain businesses conducted for profit, governmental entities and private nonprofit organizations are immune from civil liability for personal injury or death resulting from exposure to COVID-19, if the business, governmental entity or private nonprofit organization substantially complied with controlling health standards. **Section 29** also: (1) requires the complaint in any such civil action to be pled with particularity; and (2) provides that such immunity does not apply if the business, governmental entity or private nonprofit organization violated controlling health standards with gross negligence and the gross negligence was the

proximate cause of the personal injury or death. **Section 29** requires the court, as a matter of law, to determine substantial compliance with controlling health standards. **Section 34** of this bill provides that these procedures apply to any cause of action or claim that accrues before, on or after the effective date of this bill and before the later of: (1) the date on which the Governor terminates the emergency described in the Declaration of Emergency for COVID-19 issued on March 12, 2020; or (2) July 1, 2023.

Section 30 of this bill authorizes the Secretary of State to suspend the state business license of a person holding a state business license who does not comply with controlling health standards. **Section 30** requires the Secretary of State to provide notice of the suspension to the person. **Section 39** of this bill provides that the authority to suspend a state business license expires by limitation on the later of the following dates: (1) the date on which the Governor terminates the emergency described in the Declaration of Emergency issued on March 12, 2020; or (2) July 1, 2023.

Section 33.5 of this bill makes an appropriation from the State General Fund to the Legislative Fund for the costs of the 32nd Special Session.

Section 35 of this bill transfers certain money to the applicable health districts to enforce **sections 3-15** and the regulations adopted pursuant thereto. **Section 36** of this bill requires the Director and applicable district boards of health to adopt the regulations required by **sections 11-15** by a prescribed date.
