The proceeds of the taxes levied by this section are hereby appropriated in each fiscal year to the Consolidated Bond Interest and Redemption Fund to discharge the obligations of the State of Nevada as they are respectively due in that fiscal year. Any balance of the money appropriated by this section remaining at the end of the respective fiscal years does not revert to the State General Fund.

Sec. 20. 1. On or before July 1, 2023, and July 1, 2024, respectively, the State Treasurer shall estimate the amount of proceeds of the taxes levied by section 19 of this act. If the sum of that estimate and the balance of ad valorem reserves in the Consolidated Bond Interest and Redemption Fund is less than the total obligation of the State of Nevada for payment of the interest on and principal of bonds which will become due in the fiscal year, the State Treasurer shall request the State Controller to reserve in the State General Fund an amount which is sufficient to pay the remainder of the total obligation. The State Treasurer may revise the estimate and amount reserved.

2. If the money in the Consolidated Bond Interest and Redemption Fund is insufficient to pay those obligations as they become due, the State Controller shall cause the money in reserve to be transferred from the State General Fund to the Consolidated Bond Interest and Redemption Fund. The amount reserved is hereby contingently appropriated for that purpose. Any balance of the sums transferred pursuant to this subsection remaining at the end of the respective fiscal years must not be committed for expenditure after June 30 of the respective fiscal years and must be reverted to the

State General Fund on or before September 20, 2024, and September 19, 2025, respectively.

3. The State Treasurer shall report to the Legislature or, if the Legislature is not in session, to the Interim Finance Committee:

(a) The amount of any estimate made pursuant to subsection 1 and the amount of money reserved in the State General Fund based upon the estimate;

(b) The amount of money transferred from the State General Fund pursuant to subsection 2; and

(c) The amount of money which reverts to the State General Fund pursuant to subsection 2.

Sec. 21. The State Board of Finance, in its capacity as the State General Obligation Bond Commission and to the extent that money is available, shall pay the expenses related to the issuance of general obligation bonds approved by the 82nd Session of the Nevada Legislature from the proceeds of those bonds.

Sec. 22. 1. 2. Notwithstanding the provisions of subsection 4 of NRS 353.220, the approval of the Interim Finance Committee is not required for any request for the revision of a work program for the Bond Interest and Redemption Account in the Consolidated Bond Interest and Redemption Fund for the bond repayment costs of the bonds approved by the Nevada Legislature pursuant to the provisions of this act. As used in this subsection, "bond repayment costs" means the principal, interest and related costs of issuance of the bonds and any other costs related to the payment of the bonds or compliance with covenants made in connection with those bonds, as estimated by the State Treasurer.

Sec. 23. 1. With the approval of the Interim Finance Committee, the State Public Works Division of the Department of Administration and the Nevada System of Higher Education may transfer appropriated, allocated and authorized money from one project to another within the same agency or within the Nevada System of Higher Education, respectively, for those projects listed in sections 1, 3, 6, 8 and 24 of this act.

2. Transfers of money pursuant to subsection 1 to or from projects that are also authorized in section 11 of this act must

maintain the overall ratio of appropriated, allocated and authorized money in total for those projects.

Sec. 24. 1. The money collected pursuant to the annual tax on slot machines imposed pursuant to NRS 463.385 that is distributed to the Special Capital Construction Fund for Higher Education, except any amount of that money which is needed to pay the principal and interest on bonds, is appropriated to the State Public Works Division of the Department of Administration in the sum of \$3,000,000 for the project numbered and described in the Executive Budget for the 2023-2025 biennium or otherwise described as project 23-M01, Deferred Maintenance, Nevada System of Higher Education.

2. Any remaining balance of the appropriation made by subsection 1 must not be committed for expenditure after June 30, 2027, by the entity to which the appropriation is made or any entity to which money from the appropriation is granted or otherwise transferred in any manner, and any portion of the appropriated money remaining must not be spent for any purpose after September 17, 2027, by either the entity to which the money was appropriated or the entity to which the money was subsequently granted or transferred, and must be reverted to the Special Capital Construction Fund for Higher Education on or before September 17, 2027.
