

CHAPTER.....

AN ACT relating to public safety; requiring the Nevada Interscholastic Activities Association and the board of trustees of each school district to adopt policies concerning the prevention and treatment of injuries to the head sustained by pupils while participating in sports and other athletic activities and events; requiring certain organizations for youth sports in this State to adopt a similar policy; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law authorizes the county school districts to form a nonprofit association to be known as the Nevada Interscholastic Activities Association for the purposes of controlling, supervising and regulating all interscholastic athletic events and other interscholastic events in the public schools. (NRS 386.420-386.470) **Section 1** of this bill requires the Association to adopt a policy concerning the prevention and treatment of injuries to the head which may occur during a pupil’s participation in interscholastic activities and events, including, without limitation, concussion of the brain. The policy must require that a pupil who sustains or is suspected of sustaining an injury to the head while participating in such an activity or event: (1) be immediately removed from the activity or event; and (2) may not return to the activity or event unless the parent or legal guardian of the pupil provides a written statement from a provider of health care indicating that the pupil is medically cleared to participate and the date on which the pupil may return to the activity or event. A pupil who participates in interscholastic activities and events and his or her parent or legal guardian must sign a form acknowledging that they have received a copy of the policy and understand its terms and conditions before the pupil’s participation in the activity or event and must sign the form on an annual basis thereafter. **Section 2** of this bill requires the board of trustees of each school district to adopt a similar policy for the participation of pupils in competitive sports within the school district which are not governed by the Association. **Section 2.2** of this bill requires each organization for youth sports that sanctions or sponsors competitive sports for youths in this State to adopt a similar policy for the participation of youths in those competitive sports sanctioned or sponsored by the organization.
