AN ACT relating to off-highway vehicles; authorizing the Department of Motor Vehicles to release certain personal information relating to off-highway vehicles; revising the prospective terms of the members of the Commission on Off-Highway Vehicles; revising the effective date of certain other provisions governing the titling and registration of off-highway vehicles; repealing the prospective transfer of authority to approve the designation of portions of state highways for off-highway vehicle use from the Department of Transportation to the Department of Motor Vehicles; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law authorizes the Department of Motor Vehicles to release certain personal information relating to the driver’s license, identification card, or title or registration of a vehicle of a person and to charge and collect a fee from a person who makes use of files and records of the Department or its various divisions for a private purpose. (NRS 481.063) **Section 1** of this bill authorizes the Department to release such personal information relating to off-highway vehicles by clarifying that for purposes of those actions, the term “vehicle” includes an off-highway vehicle.

In 2009, the provisions of Senate Bill No. 394 were enacted, which provide for the issuance of a certificate of title and registration for an off-highway vehicle by the Department. (Chapter 504, Statutes of Nevada 2009, pp. 3076-3106) Those provisions also: (1) create the Revolving Account for the Assistance of the Department, into which must be deposited all money received by the Department from the Federal Government or any other source to assist the Department in carrying out the provisions of that bill relating to the titling and registration of off-highway vehicles; (2) create the Commission on Off-Highway Vehicles, consisting of 11 members appointed by the Governor; (3) transfer responsibility from the Department of Transportation to the Department of Motor Vehicles to approve the designation of any portion of a state highway as permissible for off-highway vehicle use; and (4) require the Interim Finance Committee, after determining that at least \$500,000 is available in the Revolving Account for the Assistance of the Department, to notify the Department of that fact. (Chapter 504, Statutes of Nevada 2009, pp. 3082-85, 3105) The following provisions of that bill became effective upon passage and approval: (1) the provisions creating the Revolving Account for the Assistance of the Department; (2) the provisions governing the appointment of the members of the Commission on Off-Highway Vehicles by the Governor; and (3) the provisions authorizing the Department to adopt regulations to carry out that bill. The remaining provisions of that bill will become effective on July 1, 2011, or 1 year after the date the Interim Finance Committee issues the notice concerning the Revolving Account for the Assistance of the Department, whichever occurs first. If the Interim Finance Committee fails to issue that notice before July 1, 2011, the provisions of that bill expire by limitation on that date. (Chapter 504, Statutes of Nevada 2009, p. 3105)

Section 2 of this bill requires the Governor, as soon as practicable after July 1, 2011, to appoint: (1) four members of the Commission on Off-Highway Vehicles to

terms that expire on January 1, 2013; (2) four members of the Commission to terms that expire on January 1, 2014; and (3) three members of the Commission to terms that expire on January 1, 2015. **Section 3** of this bill extends the effective date for most of the remaining provisions of Senate Bill No. 394 by making those provisions effective on July 1, 2012, or 30 days after the Department of Motor Vehicles publishes on its website a statement indicating that it has completed the preparatory administrative tasks that are necessary to carry out the provisions of that bill, whichever occurs first.

Section 4 of this bill repeals the provision transferring authority to approve designation of any portion of a state highway as permissible for off-highway vehicle use from the Department of Transportation to the Department of Motor Vehicles, and thus returns the authority to approve such designations to the Department of Transportation.
