293.069 "Petition district" means a district [established by the Legislature pursuant to NRS 293.127561,] created pursuant to the provisions of NRS 304.060 to 304.120, inclusive, for the election of Representatives in Congress.

Sec. 2. NRS 293.127563 is hereby amended to read as follows:

293.127563 1. As soon as practicable after each general election, the Secretary of State shall determine the number of signatures required to be gathered from each petition district within the State for a petition for initiative or referendum that proposes a
2. To determine the number of signatures required to be gathered from each petition district, the Secretary of State shall calculate the amount that equals 10 percent of the voters who voted in this State at the last preceding general election and divide that amount by the number of petition districts. Fractional numbers must be rounded up to the nearest whole number.

Sec. 3. NRS 293.1276 is hereby amended to read as follows:

293.1276 1. Within 4 days, excluding Saturdays, Sundays and holidays, after the submission of a petition containing signatures which are required to be verified pursuant to NRS 293.128, 293.165, 293.172, 293.200, 295.056, 298.109, 306.035 or 306.110, the county clerk shall determine the total number of signatures affixed to the documents and, in the case of a petition for initiative or referendum proposing a statute, an amendment to a statute or an amendment to the Constitution, constitutional amendment or statewide measure, shall tally the number of signatures for each petition district contained fully or partially within the county and forward that information to the Secretary of State.

2. If the Secretary of State finds that the total number of signatures filed with all the county clerks is less than 100 percent of the required number of registered voters, the Secretary of State shall so notify the person who submitted the petition and the county clerks and no further action may be taken in regard to the petition. If the petition is a petition to recall a county, district or municipal officer, the Secretary of State shall also notify the officer with whom the petition is to be filed.

3. After the petition is submitted to the county clerk, it must not be handled by any other person except by an employee of the county clerk’s office until it is filed with the Secretary of State.

4. The Secretary of State may adopt regulations establishing procedures to carry out the provisions of this section.

Sec. 4. NRS 293.1277 is hereby amended to read as follows:

293.1277 1. If the Secretary of State finds that the total number of signatures submitted to all the county clerks is 100 percent or more of the number of registered voters needed to declare the petition sufficient, the Secretary of State shall immediately so notify the county clerks. Within 9 days, excluding Saturdays, Sundays and holidays, after notification, each of the county clerks shall determine the number of registered voters who have signed the
documents submitted in the county clerk’s county and, in the case of a petition for initiative or referendum proposing a statute, an amendment to a statute or an amendment to the Constitution, constitutional amendment or statewide measure, shall tally the number of signatures for each petition district contained or fully contained within the county clerk’s county. For the purpose of verification pursuant to this section, the county clerk shall not include in his or her tally of total signatures any signature included in the incorrect petition district.

2. Except as otherwise provided in subsection 3, if more than 500 names have been signed on the documents submitted to a county clerk, the county clerk shall examine the signatures by sampling them at random for verification. The random sample of signatures to be verified must be drawn in such a manner that every signature which has been submitted to the county clerk is given an equal opportunity to be included in the sample. The sample must include an examination of at least 500 or 5 percent of the signatures, whichever is greater.

3. If documents were submitted to the county clerk for more than one petition district wholly contained within that county, a separate random sample must be performed for each petition district.

4. In determining from the records of registration the number of registered voters who signed the documents, the county clerk may use the signatures contained in the file of applications to register to vote. If the county clerk uses that file, the county clerk shall ensure that every application in the file is examined, including any application in his or her possession which may not yet be entered into the county clerk’s records. The county clerk shall rely only on
the appearance of the signature and the address and date included with each signature in making his or her determination.

5. In the case of a petition for initiative or referendum proposing a statute, an amendment to a statute or an amendment to the Constitution, constitutional amendment or statewide measure, when the county clerk is determining the number of registered voters who signed the documents from each petition district contained fully or partially within the county clerk’s county, he or she must use the statewide voter registration list available pursuant to NRS 293.675.

6. Except as otherwise provided in subsection 7, upon completing the examination, the county clerk shall immediately attach to the documents a certificate properly dated, showing the result of the examination, including the tally of signatures by petition district, if required, and transmit the documents with the certificate to the Secretary of State. In the case of a petition for initiative or referendum proposing a constitutional amendment or statewide measure, if a petition district comprises more than one county, the appropriate county clerks shall comply with the regulations adopted by the Secretary of State pursuant to this section to complete the certificate. A copy of this certificate must be filed in the clerk’s office. When the county clerk transmits the certificate to the Secretary of State, the county clerk shall notify the Secretary of State of the number of requests to remove a name received by the county clerk pursuant to NRS 295.055 or 306.015.

7. A person who submits a petition to the county clerk which is required to be verified pursuant to NRS 293.128, 293.165, 293.172, 293.200, 295.056, 298.109, 306.035 or 306.110 must be allowed to witness the verification of the signatures. A public officer who is the subject of a recall petition must also be allowed to witness the verification of the signatures on the petition.

8. For any petition containing signatures which are required to be verified pursuant to the provisions of NRS 293.165, 293.200, 306.035 or 306.110 for any county, district or municipal office within one county, the county clerk shall not transmit to the Secretary of State the documents containing the signatures of the registered voters.

9. The Secretary of State shall by regulation establish further procedures for carrying out the provisions of this section.
Sec. 5. NRS 293.1278 is hereby amended to read as follows:

293.1278  1. If the certificates received by the Secretary of State from all the county clerks establish that the number of valid signatures is less than 90 percent of the required number of registered voters, the petition shall be deemed to have failed to qualify, and the Secretary of State shall immediately so notify the petitioners and the county clerks.

2. If those certificates establish that the number of valid signatures is equal to or more than the sum of 100 percent of the number of registered voters needed to make the petition sufficient plus the total number of requests to remove a name received by the county clerks pursuant to NRS 295.055 or 306.015 and, in the case of a petition for initiative or referendum proposing a statute, an amendment to a statute or an amendment to the Constitution, constitutional amendment or statewide measure, that the petition has the minimum number of signatures required for each petition district, the petition shall be deemed to qualify as of the date of receipt by the Secretary of State of those certificates, and the Secretary of State shall immediately so notify the petitioners and the county clerks.

3. If the certificates establish that the petitioners have 100 percent or more of the number of registered voters needed to make the petition sufficient but the petition fails to qualify pursuant to subsection 2, each county clerk who received a request to remove a name pursuant to NRS 295.055 or 306.015 shall remove each name as requested, amend the certificate and transmit the amended certificate to the Secretary of State. If the amended certificates establish that the petitioners have 100 percent or more of the number of registered voters needed to make the petition sufficient and, in the case of a petition for initiative or referendum proposing a statute, an amendment to a statute or an amendment to the Constitution, constitutional amendment or statewide measure, that the petition has the minimum number of signatures required for each petition district, the petition shall be deemed to qualify as of the date of receipt by the Secretary of State of the amended certificates, and the Secretary of State shall immediately so notify the petitioners and the county clerks.

Sec. 6. NRS 293.1279 is hereby amended to read as follows:

293.1279  1. If the statistical sampling shows that the number of valid signatures filed is 90 percent or more, but less than the sum of 100 percent of the number of signatures of registered voters needed to declare the petition sufficient plus the total number of requests to remove a name received by the county clerks pursuant to
NRS 295.055 or 306.015, the Secretary of State shall order the county clerks to examine the signatures for verification. The county clerks shall examine the signatures for verification until they determine that 100 percent of the number of signatures of registered voters needed to declare the petition sufficient are valid. If the county clerks received a request to remove a name pursuant to NRS 295.055 or 306.015, the county clerks may not determine that 100 percent of the number of signatures of registered voters needed to declare the petition sufficient are valid until they have removed each name as requested pursuant to NRS 295.055 or 306.015.

2. Except as otherwise provided in this subsection, if the statistical sampling shows that the number of valid signatures filed in any county is 90 percent or more but less than the sum of 100 percent of the number of signatures of registered voters needed to constitute 10 percent of the number of voters who voted at the last preceding general election in that county plus the total number of requests to remove a name received by the county clerk in that county pursuant to NRS 295.055 or 306.015, the Secretary of State may order the county clerk in that county to examine every signature for verification. If the county clerk received a request to remove a name pursuant to NRS 295.055 or 306.015, the county clerk may not determine that 100 percent or more of the number of signatures of registered voters needed to constitute 10 percent of the number of voters who voted at the last preceding general election in that county are valid until the county clerk has removed each name as requested pursuant to NRS 295.055 or 306.015. In the case of a petition for initiative or referendum that proposes a statute, an amendment to a statute or an amendment to the Constitution of this State, constitutional amendment or statewide measure, if the statistical sampling shows that the number of valid signatures in any petition district is 90 percent or more but less than the sum of 100 percent of the number of signatures of registered voters required for that petition district pursuant to NRS 295.012 plus the total number of requests to remove a name received by the county clerk or county clerks, if the petition district comprises more than one county, pursuant to NRS 295.055, the Secretary of State may order a county clerk to examine every signature for verification.

3. Within 12 days, excluding Saturdays, Sundays and holidays, after receipt of such an order, the county clerk or county clerks shall determine from the records of registration what number of registered voters have signed the petition and, if appropriate, tally those signatures by petition district. If necessary, the board of county commissioners shall allow the county clerk additional assistants for
examining the signatures and provide for their compensation. In
determining from the records of registration what number of
registered voters have signed the petition and in determining in
which petition district the voters reside, the county clerk must use
the statewide voter registration list. The county clerk may rely on
the appearance of the signature and the address and date included
with each signature in determining the number of registered voters
that signed the petition.

4. Except as otherwise provided in subsection 5, upon
completing the examination, the county clerk or county clerks shall
immediately attach to the documents of the petition an amended
certificate, properly dated, showing the result of the examination
and shall immediately forward the documents with the amended
certificate to the Secretary of State. A copy of the amended
certificate must be filed in the county clerk’s office. In the case of a
petition for initiative or referendum to propose a statute, an
amendment to a statute or an amendment to the Constitution,
constitutional amendment or statewide measure, if a petition
district comprises more than one county, the county clerks shall
comply with the regulations adopted by the Secretary of State
pursuant to this section to complete the amended certificate.

5. For any petition containing signatures which are required to
be verified pursuant to the provisions of NRS 293.165, 293.200,
306.035 or 306.110 for any county, district or municipal office
within one county, the county clerk shall not forward to the
Secretary of State the documents containing the signatures of the
registered voters.

6. Except for a petition to recall a county, district or municipal
officer, the petition shall be deemed filed with the Secretary of State
as of the date on which the Secretary of State receives certificates
from the county clerks showing the petition to be signed by the
requisite number of voters of the State.

7. If the amended certificates received from all county clerks
by the Secretary of State establish that the petition is still
insufficient, the Secretary of State shall immediately so notify the
petitioners and the county clerks. If the petition is a petition to recall
a county, district or municipal officer, the Secretary of State shall
also notify the officer with whom the petition is to be filed.

8. The Secretary of State shall adopt regulations to carry out
the provisions of this section.

Sec. 7. NRS 295.012 is hereby amended to read as follows:

295.012  {A petition for initiative that proposes a statute, an

be proposed by a number of registered voters from each petition district in the State that is at least equal to 10 percent of the voters who voted in that petition district at the last preceding general election. The number of registered voters required pursuant to Section 1 of Article 19 of the Nevada Constitution to propose a petition for referendum must be apportioned equally among the petition districts, and the number of signatures required from each petition district must be equal.

2. The registered voter may consult the list of the registered voters in this State posted on the website maintained by the Secretary of State pursuant to subsection 1 of NRS 293.4687 to determine the petition district in which the registered voter resides. The registered voter may rely on the information contained in the list when the registered voter indicates the appropriate petition district, unless the registered voter believes that the information is inaccurate.

3. Each document of the petition must bear the name of a [county] petition district, and only registered voters of that [county] petition district may sign the document.

4. A person who signs a petition may request that the county clerk remove the person’s name from the petition by transmitting a request in writing to the county clerk at any time before the petition is filed with the county clerk.

Sec. 9. NRS 295.056 is hereby amended to read as follows:
