**SHORT FORM AMENDMENT**

Sections 3.5, 6 and 7 of this act are the only sections affected by this amendment.
If this amendment is adopted, the Legislative Counsel’s Digest will be changed as follows:

Legislative Counsel’s Digest:

Existing law authorizes the formation and operation of charter schools. (NRS 386.490-386.610) Section 3 of this bill requires that a written performance framework for a charter school be incorporated into the charter contract executed by the sponsor and the governing body of the charter school pursuant to section 8 of this bill. The performance framework must include performance indicators, measures and metrics for: (1) the academic achievement and proficiency of pupils enrolled in the charter school and disparities in achievement among those pupils; (2) the attendance rate of pupils enrolled in the charter school and the percentage of pupils who reenroll from year-to-year; (3) the financial condition and sustainability of the charter school; (4) the performance of the governing body of the charter school; and (5) if the charter school enrolls pupils at the high school grade level, the rate of graduation of those pupils.

Existing law prescribes the circumstances under which the sponsor of a charter school is authorized to revoke the charter of a charter school. (NRS 386.535) Section 3.5 of this bill requires the sponsor of a charter school to terminate the charter contract of the charter school if the charter school receives three consecutive annual ratings established as the lowest rating possible indicating underperformance of a public school, as determined by the Department of Education pursuant to the statewide system of accountability for public schools. The procedures in existing law setting forth notice and timelines for the termination of a charter contract do not apply to termination on these grounds. Section 3.5 also provides that a rating of a charter school based upon the performance of the charter school for any school year before [July 1, 2013] the 2013-2014 school year pursuant to the statewide system of accountability must not be included in the count of consecutive annual ratings for the purposes of determining whether termination is required.

Existing law authorizes the board of trustees of a school district or a college or university within the Nevada System of Higher Education to sponsor charter schools. (NRS 386.515) Section 5 of this bill clarifies that, similar to the board of trustees of a school district, a college or university is required to submit an application to the Department to sponsor charter schools. Under existing law, the Department is also required to adopt regulations prescribing the process for submission of an application by the board of trustees of a school district for authorization to sponsor charter schools. (NRS 386.540) Section 12 of this bill makes a college or university within the Nevada System of Higher Education subject to those regulations and requires the Department to adopt additional regulations prescribing: (1) the process and timeline for the review of an application for authorization to sponsor charter schools; (2) the process for the Department to conduct a comprehensive review of sponsors of charter schools approved by the Department at least once every 3 years; and (3) the process for the Department to continue or revoke the authorization of a board of trustees or a college or university to sponsor charter schools.

Under existing law, the proposed sponsor of a charter school may request the Department to assist in the review of an application to form a charter school by determining whether the application is substantially complete and compliant. If the Department determines that an application is not substantially complete and compliant, the staff of the Department is required to meet with the applicant to confer on the method to correct the deficiencies in the application identified by the Department. (NRS 386.520) Sections 6 and 7 of this bill remove the provisions relating to the review of an application to form a charter school by the Department.

Existing law sets forth the process for review of an application to form a charter school by the proposed sponsor of the charter school. (NRS 386.525) Section 7 of this bill requires the proposed sponsor to assemble a team of reviewers and to conduct a thorough evaluation of the application, including an in-person interview with the committee to form the charter school. Existing law further provides that a proposed sponsor may approach an application to form a charter school if the application is complete and compliant with the applicable statutes and regulations. Section 7 also requires that to approve an application, the proposed sponsor must determine that the applicant has demonstrated competence which will likely result in a successful opening and operation of the charter school.
Under existing law, if an application to form a charter school is approved by the proposed sponsor of the charter school, the charter school is issued a written charter for a term of 6 years. (NRS 386.527) Section 8 removes the requirement for the issuance of a written charter and instead requires the proposed sponsor of the charter school and the governing body of the charter school to execute a charter contract for a term of 6 years.

Existing law sets forth the procedures for renewal and revocation of written charters. (NRS 386.530, 386.535) Section 9 of this bill removes the written charter and instead prescribes the procedure for renewal of a charter contract, which includes a requirement that the sponsor provide the charter school with a written report summarizing the charter school’s performance during the term of the charter contract. Section 10 of this bill prescribes the grounds for termination of a charter contract, which includes the ground that the charter school has persistently underperformed, as measured by the performance framework developed for the charter school.

Existing law provides that a charter school dedicated to providing educational programs and opportunities to pupils who are at risk may enroll a child who is the child of a full-time employee of the charter school before enrolling pupils who are otherwise eligible for enrollment. Section 17 of this bill removes the provision that such a charter school must serve at-risk pupils and instead authorizes any charter school to, before enrolling children who are otherwise eligible for enrollment, enroll a child if the child is the child of: (1) an employee of the charter school; (2) a member of the committee to form the charter school; or (3) a member of the governing body of the charter school.

Section 19 of this bill revises requirements for the annual report that the sponsor of a charter school is required to provide to the Department of Education by including a summary evaluating the performance of the charter school, as measured by the performance framework, and by removing the requirement that the sponsor of the charter school include a description of the administrative support and services provided by the sponsor. (NRS 386.610)

Section 3.5 of Assembly Bill No. 205 First Reprint is hereby amended as follows:

Sec. 3.5. 1. The sponsor of a charter school shall terminate the charter contract of the charter school if the charter school receives three consecutive annual ratings established as the lowest rating possible indicating underperformance of a public school, as determined by the Department pursuant to the statewide system of accountability for public schools. A charter school’s annual rating pursuant to the statewide system of accountability based upon the performance of the charter school for any school year before July 1, 2013, the 2013-2014 school year must not be included in the count of consecutive annual ratings for the purposes of this subsection.
