Legislative Counsel’s Digest:

Existing law authorizes a chiropractor’s assistant to perform certain ancillary services relating to chiropractic under the supervision and control of a chiropractic physician. (NRS 634.125) Section 7 of this bill provides that a chiropractor’s assistant may perform certain services under the indirect supervision and control of a chiropractic physician if: (1) the services are performed on an established patient; (2) the supervising chiropractic physician is reasonably accessible by telephone, facsimile or other electronic means; and (3) the services are performed in certain facilities. Section 7 requires a chiropractic physician who employs one or more chiropractor’s assistants who perform services under indirect supervision to maintain certain liability insurance.

Section 4 of this bill authorizes the Chiropractic Physicians’ Board of Nevada to adopt regulations providing for the employment by a chiropractic physician of a chiropractor’s assistant trainee. Section 5 of this bill requires the Board to adopt regulations that: (1) set forth the conditions under which a chiropractic physician may authorize a chiropractor’s assistant to perform services under indirect supervision; (2) identify the services a chiropractor’s assistant is authorized to perform under indirect supervision; (3) identify the services a chiropractor’s assistant is prohibited from performing under indirect supervision; and (4) prescribe what notice, if any, a chiropractic physician is required to provide to a patient regarding services that a chiropractor’s assistant is authorized to perform under indirect supervision. Section 5 also authorizes the Board to adopt any other regulations the Board deems appropriate to ensure that services provided by a chiropractor’s assistant under indirect supervision are performed safely and in the best interest of a patient. Section 5 prohibits a chiropractic physician from authorizing a chiropractor’s assistant to perform, or a chiropractor’s assistant from performing, any services under indirect supervision which are not authorized: (1) by the regulations adopted by the Board; and (2) under the certificate issued to the chiropractor’s assistant by the Board.

Existing law authorizes the Board to impose certain disciplinary actions against a person practicing chiropractic in this State. (NRS 634.190) Sections 8-14 of this bill authorize the Board to impose such disciplinary actions against a person providing services as a chiropractor’s assistant in this State.

2. If the Board finds the person guilty as charged in the complaint, it may by order:

(a) Place the person on probation for a specified period or until further order of the Board.

(b) Administer to the person a public reprimand.

(c) Limit the practice of the person to, or by the exclusion of, one or more specified branches of chiropractic.

(d) Suspend the license of the person to practice chiropractic or the person’s certificate as a chiropractor’s assistant for a specified period or until further order of the Board.

2. A decision of the hearing officer or panel relating to the imposition of a fine is a final decision in a contested case. Any party aggrieved by a decision of the officer or panel to place a chiropractic physician or a chiropractor’s assistant on probation or revoke or suspend a license or certificate may appeal that decision to the Board.
Sec. 12. NRS 634.200 is hereby amended to read as follows:

2. In hearing the application, the Board:

(a) May require the person to submit to a mental or physical examination by physicians or other appropriate persons whom it designates and submit such other evidence of changed conditions and of fitness as it deems proper;

(b) Shall determine whether under all the circumstances the time of the application is reasonable; and

(c) May deny the application or modify or rescind its order as it deems the evidence and the public safety warrant.

Sec. 14. NRS 634.208 is hereby amended to read as follows:

634.208  1. In addition to any other remedy provided by law, the Board, through its President, Secretary or its attorney, or the Attorney General, may bring an action in any court of competent jurisdiction to enjoin:

(a) Enjoin any person who does not hold a license issued by the Board from practicing chiropractic or representing himself or herself to be a chiropractor. As used in this paragraph, "practicing chiropractic" includes the conducting of independent examinations and the offering of opinions regarding the treatment or care, or both, with respect to patients who are residents of this State.

(b) Enjoin any person who does not hold a certificate issued pursuant to NRS 634.123 from practicing as a chiropractor’s assistant or representing himself or herself to be a chiropractor’s assistant.

2. The court in a proper case may issue an injunction for such purposes without proof of actual damage sustained by any person, this provision being a preventive as well as a punitive measure. The
issuance of such an injunction does not relieve the person from criminal prosecution for a violation of NRS 634.227.
