AN ACT relating to education; revising provisions governing the licensure of certain teachers who are not citizens or lawful permanent residents of the United States; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 Upon request of a school district, existing law authorizes the Superintendent of
2 Public Instruction to issue a license to teach to a person who is not a citizen or
3 lawful permanent resident of the United States but who is otherwise entitled to
4 work in the United States pursuant to federal laws and regulations if: (1) the school
5 district has demonstrated to the satisfaction of the Superintendent that a shortage of
6 teachers exists in the subject area for which the person is qualified; (2) the person is
7 otherwise qualified to teach in the subject area for which there is a shortage of
8 teachers; and (3) the school district agrees to employ the person to teach in the
9 subject area for which there is a shortage of teachers. (NRS 391.060) This bill
10 removes the requirement that a school district demonstrate that a shortage of
11 teachers exists in a particular subject area as a condition to licensure and instead
12 allows such a person to be licensed to teach if: (1) the school district can
13 demonstrate that any shortage of teachers exists or that the school district has not
14 been able to employ a person possessing the skills, experience or abilities of the
15 person to be licensed and such skills, experience or abilities are needed to address
16 an area of concern for the school district; (2) the person is otherwise qualified to
17 teach; and (3) the school district agrees to employ the person. This bill also
18 authorizes the governing body of a charter school to request the Superintendent to
19 issue a license to such a person and employ such a person in the same
20 circumstances as a school district.
