Senate Bill No. 404—Senators Denis; Hammond and Manendo

Joint Sponsors: Assemblymen O’Neill and Silberkraus

CHAPTER..........

AN ACT relating to motor vehicles; providing for the registration of mopeds; requiring a fee for such registration; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Under existing law, certain motor-driven cycles and scooters are considered mopeds if the engine produces not more than 2 gross brake horsepower, has a displacement of not more than 50 cubic centimeters or produces not more than 1500 watts final output, and is not capable of exceeding 30 miles per hour on a flat surface. (NRS 482.069) Such a moped is not required to be registered with the Department of Motor Vehicles and the owner or operator is not required to provide liability insurance. (NRS 482.210, 485.185) Section 1 of this bill requires the owner of a moped to register the moped once with the Department. The owner must bring the moped to the Department or, in a county where no office of the Department is located, to either the sheriff of that county or a location of the Department in another county, for an inspection to verify that the moped meets the definition of a moped. The fee for registration is $33, the same as that for a motorcycle. There is also a license plate fee and an inspection fee, and the owner must pay for 1 year of the governmental services tax based on the value of the moped at the time of registration. A moped registration is valid until the owner transfers the ownership of the moped or cancels the registration and surrenders the license plate to the Department. Section 3 of this bill removes the exemption of mopeds from the requirement to register a motor vehicle, trailer or semitrailer intended to be operated upon any highway in this State. Existing law requires the owner or operator of any motor vehicle which is registered or required to be registered to maintain liability insurance. (NRS 485.185) Section 14 of this bill exempts mopeds from the requirement to maintain liability insurance. Existing law makes failure to register a vehicle which is required to be registered a misdemeanor. (NRS 482.555)

Section 5 of this bill requires the Department to issue a license plate to the owner of a moped upon registration of the moped. Section 6 of this bill requires that the license plate for a moped be distinct in appearance from the license plate for a motorcycle. Sections 9 and 13 of this bill make provisions that allow disabled vehicle owners to obtain and use special license plates and parking stickers applicable to mopeds. (NRS 482.384, 484B.467) Sections 15.2-15.6 of this bill provide for the calculation and imposition of the 1 year of governmental services tax that must be paid upon the registration of a moped. (NRS 371.040, 371.060, 371.070) Section 15.8 of this bill exempts mopeds from the requirements for emissions testing of certain vehicles. (NRS 445B.760)

The application must include a statement from a licensed physician certifying that the applicant is a person with a permanent disability. The issuance of a special license plate to a person with a permanent disability pursuant to this subsection does not preclude the issuance to such a person of a special parking placard for a vehicle other than a motorcycle or moped or a special parking sticker for a motorcycle or moped pursuant to subsection 6.

2. Every year after the initial issuance of special license plates to a person with a permanent disability, the Department shall require the person to renew the special license plates in accordance with the procedures for renewal of registration pursuant to this chapter. 3. Upon the application of an organization which provides transportation for a person with a permanent disability, disability of moderate duration or temporary disability, the Department may issue special license plates for a vehicle registered by the organization pursuant to this chapter, or the Department may issue special parking placards to the organization pursuant to this section to be used on vehicles providing transportation to such persons. 5. Special license plates issued pursuant to this section must display the international symbol of access in a color which contrasts with the background and is the same size as the numerals and letters on the plate.

6. Upon the application of a person with a permanent disability or disability of moderate duration, the Department may issue:

   (b) A special parking sticker for a motorcycle or moped. The application must include a statement from a licensed physician certifying that the applicant is a person with a permanent disability or disability of moderate duration.

7. A special parking placard issued pursuant to subsection 6 must:
   (a) Have inscribed on it the international symbol of access which is at least 3 inches in height, is centered on the placard and is white on a blue background;

(c) Have placed or inscribed on it the seal or other identification of the Department.

9. Before the date of expiration of a special parking placard or special parking sticker issued to a person with a permanent disability or disability of moderate duration, the person shall renew the special parking placard or special parking sticker. If the applicant for renewal is a person with a disability of moderate duration, the applicant must include with the application for renewal a statement from a licensed physician certifying that the applicant is a person with a disability which limits or impairs the ability to walk, and that such disability, although not reversible, is estimated to last longer than 6 months. A person with a permanent disability is not required to submit evidence of a continuing disability with the application for renewal.

10. The Department, or a city or county, may issue, and charge a reasonable fee for, a temporary parking placard for a vehicle other than a motorcycle or moped or a temporary parking sticker for a motorcycle or moped upon the application of a person with a temporary disability. 13. A temporary parking placard or temporary parking sticker is valid only for the period for which a physician has certified the disability, but in no case longer than 6 months. If the temporary disability continues after the period for which the physician has certified the disability, the person with the temporary disability must renew the temporary parking placard or temporary parking sticker before the temporary parking placard or temporary parking sticker expires. The person with the temporary disability shall include with the application for renewal a statement from a licensed physician certifying that the applicant continues to be a person with a temporary disability and the estimated period of the disability.

14. A special or temporary parking placard must be displayed in the vehicle when the vehicle is parked by hanging or attaching the placard to the rearview mirror of the vehicle. If the vehicle has no rearview mirror, the placard must be placed on the dashboard of the vehicle in such a manner that the placard can easily be seen from outside the vehicle when the vehicle is parked.

15. Upon issuing a special license plate pursuant to subsection 1, a special or temporary parking placard, or a special or temporary parking sticker, the Department, or the city or county, if applicable, shall issue a letter to the applicant that sets forth the name and address of the person with a permanent disability, disability of moderate duration or temporary disability to whom the special license plate, special or temporary parking placard or special or temporary parking sticker has been issued and:

to this section do not authorize parking in any area on a highway where parking is prohibited by law.

18. No person, other than the person certified as being a person with a permanent disability, disability of moderate duration or temporary disability, or a person actually transporting such a person, may use the special license plate or plates or a special or temporary parking placard, or a special or temporary parking sticker issued pursuant to this section to obtain any special parking privileges available pursuant to this section.

19. Any person who violates the provisions of subsection 18 is guilty of a misdemeanor.

20. The Department may review the eligibility of each holder of a special parking placard, a special parking sticker or special license plates, or any combination thereof. Upon a determination of ineligibility by the Department, the holder shall surrender the special parking placard, special parking sticker or special license plates, or any combination thereof, to the Department.

Sec. 9.3. NRS 482.399 is hereby amended to read as follows:

482.399 1. Upon the transfer of the ownership of or interest in any vehicle by any holder of a valid registration, or upon destruction of the vehicle, the registration expires.

2. Except as otherwise provided in NRS 482.294, an application for transfer of registration must be made in person, if practicable, to any office or agent of the Department or to a registered dealer, and the license plate or plates may not be used upon a second vehicle until registration of that vehicle is complete.

3. In computing the governmental services tax, the Department, its agent or the registered dealer shall credit the portion
of the tax paid on the first vehicle attributable to the remainder of
the current registration period or calendar year on a pro rata monthly
basis against the tax due on the second vehicle or on any other
vehicle of which the person is the registered owner. If any person
transfers ownership or interest in two or more vehicles, the
Department or the registered dealer shall credit the portion of the tax
paid on all of the vehicles attributable to the remainder of the
current registration period or calendar year on a pro rata monthly
basis against the tax due on the vehicle to which the registration is
transferred or on any other vehicle of which the person is the
registered owner. The certificates of registration and unused license
plates of the vehicles from which a person transfers ownership or
interest must be submitted before credit is given against the tax due
on the vehicle to which the registration is transferred or on any other
vehicle of which the person is the registered owner.

4. In computing the registration fee, the Department or its
agent or the registered dealer shall credit the portion of the
registration fee paid on each vehicle attributable to the remainder of
the current calendar year or registration period on a pro rata basis
against the registration fee due on the vehicle to which registration
is transferred.

5. If the amount owed on the registration fee or governmental
services tax on the vehicle to which registration is transferred is less
than the credit on the total registration fee or governmental services
tax paid on all vehicles from which a person transfers ownership or
interest, no refund may be allowed by the Department.

6. If the license plate or plates are not appropriate for the
second vehicle, the plate or plates must be surrendered to the
Department or registered dealer and an appropriate plate or plates
must be issued by the Department. The Department shall not reissue
the surrendered plate or plates until the next succeeding licensing
period.

7. If application for transfer of registration is not made within
60 days after the destruction or transfer of ownership of or interest
in any vehicle, the license plate or plates must be surrendered to the
Department on or before the 60th day for cancellation of the
registration.

8. Except as otherwise provided in subsection 2 of NRS
371.040 and subsections 7 and 8 of NRS 482.260, and section 1 of this act, if a person cancels his or her registration and
surrenders to the Department the license plates for a vehicle, the
Department shall, in accordance with the provisions of subsection 9,
issue to the person a refund of the portion of the registration fee and
governmental services tax paid on the vehicle attributable to the remainder of the current calendar year or registration period on a pro rata basis.

9. The Department shall issue a refund pursuant to subsection 8 only if the request for a refund is made at the time the registration is cancelled and the license plates are surrendered, the person requesting the refund is a resident of Nevada, the amount eligible for refund exceeds $100, and evidence satisfactory to the Department is submitted that reasonably proves the existence of extenuating circumstances. For the purposes of this subsection, the term “extenuating circumstances” means circumstances wherein:

(b) The vehicle has been determined to be inoperable and the person does not transfer the registration to a different vehicle.
(c) The owner of the vehicle is seriously ill or has died and the guardians or survivors have sold or otherwise disposed of the vehicle.
