Subject: Comment in support of AB-189

Dear Assemblyman Wheeler and Committee:

As I may have a schedule conflict and will likely not be able to make the March 10th hearing, I wish to submit in writing my unequivocal support for AB-189.

Persons purchasing special charitable or collegiate license plates should have a reasonable expectation that their special plate moneys will be spent as advertised and that the organizations that receive funds through the special license plates will conduct their finances in a responsible and transparent manner. From my observations, it is important that such confidence be assured in order to maintain the credibility and viability of the special license plate program.

AB-189 reasonably codifies these expectations and I would urge the Committee to pass this bill and move it forward.

Respectfully submitted,

Willis Lamm
