Legislative Counsel's Digest:

Existing law provides for the oversight of certain school programs of nutrition by the Director of the State Department of Agriculture. (NRS 387.068-387.112) Sections 2-12 of this bill provide for the creation of the Breakfast After the Bell Program for the purpose of requiring certain public schools with large populations of pupils from low-income families to provide breakfast to their pupils after an instructional day of school has officially begun. Section 6 creates the Program and requires public schools with a certain percentage of pupils from low-income families enrolled in the school to participate in the Program. Section 6 also prescribes certain exceptions from participation based on insufficient funding for the Program or the elimination of or a certain reduction in the amount of federal meal reimbursements available to public schools for serving breakfast. Section 6 authorizes a participating school to choose a suitable model for serving breakfast under the Program. Section 7 prescribes certain duties of the State Department of Agriculture with respect to the implementation and operation of the Program. Section 8 prescribes the amount of a disbursement of money from the Department to a participating school based on the population of pupils and requires such disbursements to be made sequentially beginning with the school with the highest percentage of pupils from low-income families until the money for the Program is exhausted for a school year. Section 9 provides the manner in which certain public money allocated for the operation of the Program may be used. Section 10 requires the Department to monitor participating schools and ensure that the schools remain in compliance with the Program. Section 11 requires the Department to prepare an annual report with respect to the implementation and effectiveness of the Program in this State and requires the Department to submit the report to the Governor and the Legislature. Section 12 authorizes the Department to adopt regulations as necessary to implement and operate the Program. ~~[Section 17 of this bill makes an appropriation to the State Department of Agriculture for allocation to schools that participate in the Program, but excludes from such allocations any school that currently provides breakfast after the bell.]~~
