Legislative Counsel’s Digest:

Section 1.2 of this bill requires the Department of Education to establish a pilot program to provide competency-based education and requires the State Board of Education to adopt regulations that prescribe the process for submission of an application by a school district or charter school to participate in the pilot program and the qualifications and conditions for participation by a school in the pilot program. Section 1.2 also requires the Department to select at least one school that primarily serves pupils who are at-risk or credit deficient for participation in the program if an application is made on behalf of such a school to participate in the program. Section 1.1 of this bill defines “competency-based education” to mean a system of instruction by which a pupil advances to a higher level of learning when the pupil demonstrates mastery of a concept or skill, regardless of the time, place or pace at which the pupil progresses.

Section 1.4 of this bill requires the Department to establish a Competency-Based Education Network and prescribes the membership and duties of the Network, including a requirement that the Network submit a report to the Governor and the Legislature on the implementation of competency-based education once each biennium.

Section 1.6 of this bill requires the Department of Education to: (1) conduct a public campaign to raise awareness about competency-based education; and (2) conduct at least one meeting with the superintendents of the school districts relating to competency-based education. Section 3.5 of this bill appropriates money to the Department for the cost of travel associated with such a meeting with the superintendents of the school districts. Section 1.6 also authorizes the Department to distribute through a competitive grants program money appropriated to the Department to carry out the pilot program to provide competency-based education.

Existing law provides that a pupil may be granted credit for certain courses in lieu of course attendance if the pupil: (1) demonstrates proficiency on certain examinations; and (2) applies to the board of trustees of the school district in which
the pupil attends school to be granted credit. (NRS 389.171) **Section 1.8** of this bill provides that a pupil may also be granted credit in lieu of course attendance if the pupil demonstrates proficiency to meet the objectives of a course or of a particular area or areas of a course: (1) through a portfolio of the pupil’s work; (2) through the pupil’s performance of a task that is designed to measure the proficiency of the pupil; or (3) as measured by criteria prescribed by the State Board of Education. **Section 1.8** also requires the State Board to adopt regulations that: (1) provide that a pupil may apply to the governing body of the charter school in which the pupil is enrolled to be granted credit in lieu of course attendance; and (2) prescribe other criteria that may be used to determine whether a pupil has achieved proficiency in a course.

**Section 4** of this bill requires the Competency-Based Education Network to prepare a comprehensive report with its findings and recommendations on or before April 1, 2022, which must be posted on the Internet website of the Department of Education and submitted to the Governor, the Legislative Committee on Education and the Director of the Legislative Counsel Bureau for distribution to the next regular session of the Legislature.
