AN ACT relating to persons with disabilities; revising provisions concerning the duties and employees of the Bureau of Services to Persons Who Are Blind or Visually Impaired and the Bureau of Vocational Rehabilitation of the Rehabilitation Division of the Department of Employment, Training and Rehabilitation; prohibiting, under certain circumstances, the solicitation, disclosure, receipt or use of information concerning persons receiving services from the Division; authorizing the Division to adopt, amend and repeal certain policies; authorizing the denial of services to persons who are blind under certain circumstances; removing the designation of the Division as the designated state unit for the purpose of certain federal regulations governing vocational rehabilitation; prescribing the purposes for which certain money may be used; providing penalties; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:
Existing law establishes programs under which: (1) the Bureau of Services to Persons Who Are Blind or Visually Impaired of the Rehabilitation Division of the Department of Employment, Training and Rehabilitation provides services to assist persons who are blind in obtaining employment; and (2) the Bureau of Vocational Rehabilitation of the Division provides similar services to individuals with disabilities. (NRS 426.518-426.610, chapter 615 of NRS) Sections 2 and 24 of this bill revise the purposes of those programs.
Existing federal law defines the term “competitive integrated employment” to mean full-time or part-time work, including self-employment: (1) for which a person receives certain minimum compensation; (2) that allows the employee to interact with persons who are not disabled; and (3) that provides opportunities for advancement similar to those provided to employees who are not disabled. (29 U.S.C. § 705) Sections 3 and 21 of this bill define that term to have the same meaning in state law. Sections 5, 29 and 41 of this bill define the term “vocational rehabilitation services’ to mean any goods and services necessary to prepare a person who is blind or an individual with a disability, as appropriate, to engage in competitive integrated employment or to determine the rehabilitation potential of such a person. Sections 8 and 26-28 of this bill amend the definitions of certain related terms. Sections 9 and 33-35 of this bill revise which entities perform certain duties relating to vocational rehabilitation services.
Federal regulations require the state unit responsible for administering vocational rehabilitation services to develop and maintain written policies covering the nature and scope of each such service and the criteria under which each service is provided. (34 C.F.R. § 361.50) Sections 6 and 22 of this bill authorize the Division to adopt, amend and repeal such policies at a public meeting. Section 17 of this bill provides that the adoption, amendment and repeal of such policies is not subject to the standard rulemaking process.
Section 10 of this bill requires the Bureau of Services to Persons Who Are Blind or Visually Impaired to provide vocational rehabilitation services to any person who is blind, including any such person who is eligible to receive such services under an agreement with the Federal Government, another state, certain territories or an Indian tribe. Sections 30-32 of this bill make similar revisions concerning the duties of the Bureau of Vocational Rehabilitation.

Existing law requires the Division to direct the Bureau of Services to Persons Who Are Blind or Visually Impaired to adopt administrative regulations to enforce provisions of law concerning the provision of services for persons who are blind. (NRS 426.560) Section 11 of this bill makes slight revisions concerning those regulations.

Sections 12 and 23 of this bill require the Bureau of Services to Persons Who Are Blind or Visually Impaired and the Bureau of Vocational Rehabilitation to employ persons skilled in the vocational rehabilitation of persons who are blind or individuals with disabilities, as appropriate, to allow such persons or individuals to engage in competitive integrated employment.

Sections 13 and 40 of this bill: (1) expressly provide that the unauthorized receipt, use or disclosure of information concerning persons who apply for or receive services for persons who are blind or individuals with disabilities is a misdemeanor; and (2) revise the circumstances under which the receipt, use or disclosure of such information is authorized.

Section 14 of this bill allows the denial of services for persons who are blind to persons who are ineligible to receive those services under federal law or for which the person is required by federal regulations to use comparable services and benefits paid for by another public or private entity. Sections 15 and 39 of this bill make nonsubstantive revisions concerning appeals of actions, determinations or omissions made by the Bureau of Services to Persons Who Are Blind or Visually Impaired and the Bureau of Vocational Rehabilitation. Section 16 of this bill removes the designation of the Division as the state unit for carrying out certain programs for independent living prescribed in federal law.

Sections 19, 32, 36, 37, 42 and 43 of this bill remove the authority of the Bureau of Vocational Rehabilitation to: (1) establish or construct rehabilitation facilities and workshops; and (2) provide for the establishment, supervision, management and control of small business enterprises to be operated by persons with severe disabilities. Section 38 of this bill expands the purposes for which money in the Rehabilitation Gift Account in the Department of Employment, Training and Rehabilitation’s Gift Fund may be used.
