AN ACT relating to public records; requiring copies of public books and records to be provided in an electronic medium except under certain circumstances; revising provisions governing action by governmental entities in response to requests for public books or records; revising provisions governing the fees that governmental entities are authorized to charge for a copy of a public book or record; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Under existing law, all public books and public records of a state or local governmental entity, the contents of which are not otherwise declared by law to be confidential, are required to be open at all times during office hours for the public to inspect, copy or receive a copy thereof. Existing law also requires a state or local governmental entity to provide a copy of a public record in any medium in which the public record is readily available. (NRS 239.010) Sections 1 and 3 of this bill clarify in certain existing law that, in addition to the right to inspect and copy a public book or record, members of the public have the right to receive a copy of a public book or record on request. Section 2 of this bill specifically includes digital and electronic documents in the term “official state record” in the existing law governing public books and records. Section 4 of this bill requires a governmental entity to provide a copy of a requested public book or record in an electronic medium unless the public book or record is not readily available in an electronic medium or the copy was requested in a different medium in which the public book or record is readily available.

Under existing law, if a person requests access to a public book or record or a copy of a public book or record which is not readily available, the governmental entity is required to provide access to the public book or record or a copy of the public book or record not later than the end of the fifth business day after the
request was received. If access to the public book or record or a copy of the public book or record cannot be provided not later than the end of the fifth business day after the request was made, the governmental entity is required to provide notice of that fact to the person who made the request and provide a date and time after which the public book or record or the copy of the public book or record will be available. (NRS 239.0107)

Section 5 of this bill requires a governmental entity, if access to a public book or record or a copy of a public book or record cannot be provided within 5 business days after the request was made, to provide access to the public book or record or a copy of the public book or record within 15 business days after the request was received with two exceptions. First, if the governmental entity provides additional notice to the requester that the governmental entity is unable to meet the deadline of 15 business days, the governmental entity is required to provide access or a copy of the public book or record within 35 business days after the request was received. Second, if the governmental entity provides additional notice to the requester that the request requires the governmental entity to make extraordinary use of its personnel or technological resources, the governmental entity is required to include in the notice a date and time after which the public book or record will reasonably be available. If a governmental entity fails to comply with these deadlines, section 6 of this bill authorizes the person who requested access to the public book or record or a copy thereof to apply to a district court for an order requiring the governmental entity to provide access to or a copy of the public book or record.

Section 7 of this bill prohibits a governmental entity from charging a fee for providing a copy of a public book or record if the request is for an electronic copy of the public book or record or the request is made for noncommercial purposes, unless the governmental entity provides written notice that the request requires the governmental entity to make extraordinary use of its personnel or technological resources. If the request requires the governmental entity to make extraordinary use of its personnel or technological resources, section 8 of this bill authorizes the governmental entity to charge the fee in existing law for such extraordinary use of its personnel or technological resources, section 8 makes a conforming change to the fee charged for providing a copy of a public book or record in the custody of a governmental law library.

sections 35, 38 and 41 of chapter 478, Statutes of Nevada 2011 and section 2 of chapter 391, Statutes of Nevada 2013 and unless otherwise declared by law to be confidential, all public books and public records of a governmental entity must be open at all times during office hours to inspection by any person, and may be fully copied or an abstract or memorandum may be prepared from those public books and public records. Any such copies, abstracts or memoranda may be used to supply the general public with copies, abstracts or memoranda of the records or may be used in any other way to the advantage of the governmental entity or of the general public. This section does not supersede or in any manner affect the federal laws governing copyrights or enlarge, diminish or affect in any other manner the rights of a person in any written book or record which is copyrighted pursuant to federal law.

2. A governmental entity may not reject a book or record which is copyrighted solely because it is copyrighted.

3. A governmental entity that has legal custody or control of a public book or record shall not deny a request made pursuant to subsection 1 to inspect or copy or receive a copy of a public book or record on the basis that the requested public book or record contains information that is confidential if the governmental entity can redact, delete, conceal or separate the confidential information from the information included in the public book or record that is not otherwise confidential.

4. A governmental entity shall provide a copy of a public book or record in an electronic medium unless the public book or
record is not readily available in an electronic medium or the copy was requested in a different medium in which the public book or record is readily available. A person may request a copy of a public book or record in any medium in which the public book or record is readily available. An officer, employee or agent of a governmental entity who has legal custody or control of a public book or record:

(a) Shall not refuse to provide a copy of that public book or record in a readily available medium because the officer, employee or agent has already prepared or would prefer to provide the copy in a different medium.

(b) Except as otherwise provided in NRS 239.030, shall, upon request, prepare the copy of the public book or record and shall not require the person who has requested the copy to prepare the copy himself or herself.

Sec. 5. NRS 239.0107 is hereby amended to read as follows:

NRS 239.0107 1. Not later than the end of the fifth business day after the date on which the person who has legal custody or control of a public book or record of a governmental entity receives a written or oral request from a person to inspect, copy or receive a copy of the public book or record, a governmental entity shall do one of the following, as applicable:

(a) Except as otherwise provided in subsection 2, allow the person to inspect or copy the public book or record or, if the request is for the person to receive a copy of the public book or record, provide such a copy to the person.

(b) If the governmental entity does not have legal custody or control of the public book or record, provide to the person, in writing:

(1) Notice of that fact; and

(2) The name and address of the governmental entity that has legal custody or control of the public book or record, if known.

(c) Except as otherwise provided in this paragraph and paragraph (d), if the governmental entity is unable to make the public book or record available by the end of the fifth business day after the date on which the person who has legal custody or control of the public book or record received the request, provide to the person who made the request, in writing:

(1) Notice of that fact; and

(2) A date and time after which the public book or record will be available for the person to inspect or copy or after which a copy of the public book or record will be available to the person. If the public book or record or the copy of the public book or record is not available to the person by that date and time, the person may inquire regarding the status of the request, which must be by the end of the 15th business day after the date on which the person
who has legal custody or control of the public book or record
received the request, unless the governmental entity provides
additional written notice to the person who made the request that:
(1) Except as otherwise provided in subparagraph (2), the
governmental entity is unable to make the public book or record
available by the end of the 15th business day after the date on
which the person who has legal custody or control of the public
book or record received the request. If the governmental entity
provides such notice, the governmental entity shall make the
public book or record available by the end of the 35th business day
after the date on which the person who has legal custody or
control of the public book or record received the request.

(2) The request requires the governmental entity to make
extraordinary use of its personnel or technological resources for
which the additional fee in NRS 239.055 is authorized to be
charged. If the governmental entity provides such notice, the
governmental entity shall include in the notice a date and time
after which the public book or record will reasonably be available
for the person to inspect or copy or after which a copy of the
public book or record will reasonably be available to the person.

(d) If the governmental entity must deny the person’s request
because the public book or record, or a part thereof, is confidential,
provide to the person, in writing:
(1) Notice of that fact; and
(2) A citation to the specific statute or other legal authority
that makes the public book or record, or a part thereof, confidential.

2. If a public book or record of a governmental entity is readily
available for inspection or copying, the person who has legal
custody or control of the public book or record shall allow a person
who has submitted a request to inspect, copy or receive a copy of
the public book or record.

Sec. 6. NRS 239.011 is hereby amended to read as follows:
239.011 1. If a request for inspection, copying or copies of a
public book or record open to inspection and copying is denied \[\text{[a]} \] or
if a governmental entity fails to make a public book or record
available by the applicable deadline prescribed in paragraph (c) of
subsection 1 of NRS 239.0107, the requester may apply to the
district court in the county in which the book or record is located for
an order:
(a) Permitting the requester to inspect or copy the book or
record; or
(b) Requiring the person who has legal custody or control of the
public book or record to provide a copy to the requester,
\[\text{[a]} \] as applicable.
2. The court shall give this matter priority over other civil matters to which priority is not given by other statutes. If the requester prevails, the requester is entitled to recover his or her costs and reasonable attorney’s fees in the proceeding from the governmental entity whose officer has custody of the book or record.

Sec. 7. NRS 239.052 is hereby amended to read as follows:

239.052 1. Except as otherwise provided in this subsection, a governmental entity may charge a fee for providing a copy of a public book or record in response to a commercial request. Such a fee must not exceed the actual cost to the governmental entity to provide the copy of the public book or record unless a specific statute or regulation sets a fee that the governmental entity must charge for the copy. A governmental entity shall not charge a fee for providing a copy of a public book or record if:

(a) A specific statute or regulation requires the governmental entity to provide the copy without charge; or

(b) The request is a request for the public benefit or a request for an electronic copy of a public book or record, unless the governmental entity provides written notice to the person who made the request that the request requires the governmental entity to make extraordinary use of its personnel or technological resources for which the additional fee authorized in NRS 239.055 may be charged.

2. A governmental entity may waive all or a portion of a charge or fee for a copy of a public book or record if the governmental entity:

(a) Adopts a written policy to waive all or a portion of a charge or fee for a copy of a public book or record; and

(b) Posts, in a conspicuous place at each office in which the governmental entity provides copies of public books and records, a legible sign or notice that states the terms of the policy.

3. A governmental entity shall prepare and maintain a list of the fees that it charges at each office in which the governmental entity provides copies of public books and records. A governmental entity shall post, in a conspicuous place at each office in which the governmental entity provides copies of public books and records, a legible sign or notice which states:

(a) The fee that the governmental entity charges to provide a copy of a public book or record; or

(b) The location at which a list of each fee that the governmental entity charges to provide a copy of a public book or record may be obtained.

4. The fee for providing a copy of a public book or record in the custody of a law library operated by a governmental entity must
Sec. 8. NRS 239.055 is hereby amended to read as follows:

239.055  1. Except as otherwise provided in NRS 239.054 regarding information provided from a geographic information system, if a request for a copy of a public book or record would require a governmental entity to make extraordinary use of its personnel or technological resources, the governmental entity may, in addition to any other fee authorized pursuant to this chapter, charge a fee for such extraordinary use not to exceed 50 cents per page for a commercial request or 10 cents per page for a request for the public benefit. Such a request must be made in writing, and upon receiving such a request, the governmental entity shall inform the requester, in writing, of the amount of the fee before preparing the requested information. The fee charged by the governmental entity must be reasonable and must be based on the cost that the governmental entity actually incurs for the extraordinary use of its personnel or technological resources. The governmental entity shall not charge such a fee if the governmental entity is not required to make extraordinary use of its personnel or technological resources to fulfill additional requests for the same information.

2. As used in this section, “technological resources” means any information, information system or information service acquired, developed, operated, maintained or otherwise used by a governmental entity.
