private employment to provide paid sick leave to each  
full-time employee of the employer under certain  
circumstances; providing an exception; providing a  
penalty; and providing other matters properly relating  
thereto.

**Legislative Counsel’s Digest:**

1 Existing law requires employers in private employment to pay employees  
2 certain minimum compensation and to provide certain benefits, including overtime  
3 compensation and meal and rest breaks. (NRS 608.018, 608.019, 608.250) **Section**  
4 **1** of this bill requires a private employer who has 25 or more employees in private  
5 employment in this State and who has conducted business in this State for at least  
6 12 consecutive months to, at a minimum, provide full-time employees paid sick

9 employment. **Section 1** sets forth that an employee is a full-time employee of the  
10 employer if the employee works at least 1,600 hours for the employer during a  
11 12-month period beginning on the date the employee is hired. **Section 1** also  
12 provides that an employer may: (1) limit the use of the paid sick leave to 40 hours  
13 per year; and (2) set a minimum increment that an employee may use the accrued  
14 sick leave at any one time, not to exceed 2 hours. **Section 1** additionally requires an  
15 employer to maintain records of the accrual and use of paid sick leave for each  
16 employee for a 3-year period and to make those records available for inspection by  
17 the Labor Commissioner. **Section 1** requires the Labor Commissioner to prepare a  
18 bulletin setting forth these benefits and requires employers to post the bulletin in  
19 the workplace. **Section 1**: (1) provides an exception for employers who provide at  
20 least an equivalent amount of sick leave or paid time off; and (2) excludes from the  
21 requirements of this bill certain employees who perform work on an occasional or  
22 irregular basis, perform physical work at a construction site that results in the  
23 construction, alteration or destruction involved in the construction project, perform  
24 work for a hospital, a facility for long-term care or a provider of health care on an  
25 occasional or irregular basis or work less than 12 consecutive months for the  
26 employer. Finally, **section 1** prohibits this bill from being interpreted as allowing  
27 an employee to be compensated more than once for the same hour of leave.

28 Existing law requires an employer to establish and maintain records of wages  
29 for the benefit of his or her employees. (NRS 608.115) **Section 1.5** of this bill  
30 requires this record to include the total hours of sick leave available for use by each  
31 employee.

32 **Section 2** of this bill requires the Labor Commissioner to enforce the  
33 provisions of **section 1**, and **section 3** of this bill makes a violation of the  
34 provisions of **section 1** a misdemeanor and authorizes the Commissioner to impose,  
35 in addition to any other remedy or penalty, a penalty of up to \$5,000 for each  
36 violation. (NRS 608.180, 608.195)
