Legislative Counsel's Digest:

1 Existing law requires the Department of Health and Human Services to compile
2 and post on its Internet website information relating to the prices charged for
3 certain prescription drugs. (NRS 439.915) **Section 6** of this bill requires the
4 Department to compile a list of drugs that the Department determines to be
5 essential for treating diabetes in this State. **Section 6** also requires the manufacturer
6 of a drug included on the list to submit to the Department a list of such drugs for
7 which: (1) the wholesale acquisition cost of the drug exceeds the highest price paid
8 for the drug in certain foreign countries; or (2) the manufacturer increases the
9 wholesale acquisition cost of a drug during a calendar year by more than a
10 prescribed amount. **Section 7** of this bill requires the manufacturer of a prescription
11 drug included on the list to submit to the Department an annual report that contains
12 certain information concerning the cost of the drug. **Section 9** of this bill requires a
13 nonprofit organization that advocates for patients or funds medical research in this
14 State to submit information to the Department concerning contributions that the
15 organization receives from manufacturers of prescription drugs. **Section 12** of this
16 bill requires the Department to compile and place that information on the Internet
17 website maintained by the Department. **Section 13** of this bill provides that the
18 Department is not liable for the omission of information from reports or any
19 incorrect information in the reports. **Section 14** of this bill requires the Department
20 to adopt any necessary regulations concerning the reports. **Section 16** of this bill
21 authorizes the Department to impose an administrative penalty on a manufacturer
22 that fails to submit a required report.

23 **Section 6** also requires a manufacturer to reimburse the purchaser of a drug that
24 is included on the list of essential diabetes drugs compiled by the Department if: (1)
25 the wholesale acquisition cost of the drug exceeds the highest price paid for the
26 drug in certain foreign countries; or (2) the manufacturer increases the wholesale
27 acquisition cost of a drug during a calendar year by more than a prescribed amount.
28 **Sections 25, 26, 29, 32, 33, 35, 38, 40, 42 and 44** of this bill require an insurer,
29 including a state or local governmental entity that insures its employees, that
30 receives such a reimbursement to refund any deductible paid by an insured for the
31 drug in an amount that does not exceed the amount of the reimbursement. **Section 8**
32 of this bill requires the manufacturer of a prescription drug included on the list to
33 notify certain insurers at least 90 days before a planned price increase that is larger
34 than a prescribed amount.

35 **Sections 25, 26, 30, 31, 34, 36, 37, 39, 41 and 43** of this bill require an insurer
36 that uses a formulary, including a state or local governmental entity that insures its
37 employees, to publish before each open enrollment period a notice of any drugs on
38 the list that have been removed from the formulary or will be removed from the
39 formulary during the current plan year or the next plan year. **Sections 25 and 26**
40 also require a state or local governmental entity that insures its employees to
41 provide each insured with notice of whether a formulary is used and, if so, the
42 opportunity to obtain information about the formulary. **Section 26** additionally
43 prohibits the State from limiting or excluding coverage provided to its employees
44 for certain prescription drugs that have previously been approved for coverage.

45 Under existing law, the Division of Public and Behavioral Health of the
46 Department of Health and Human Services licenses and regulates certain health
47 care facilities and organizations that provide health care. (Chapter 449 of NRS)
48 **Sections 17-24** of this bill require the Division to also license and regulate
49 pharmaceutical sales representatives. **Section 19** of this bill makes it a
50 misdemeanor to practice as a pharmaceutical sales representative in this State
51 without a license. **Section 23** of this bill requires a pharmaceutical sales
52 representative to submit an annual report to the Division containing certain
53 information about his or her activities.

54 Upon the submission of a written request, existing law requires a public school
55 to allow a pupil who has asthma, anaphylaxis or diabetes to carry and self-
56 administer medication to treat his or her disorder while the pupil is on the grounds
57 of a public school, participating in an activity sponsored by a public school or on a
58 school bus. (NRS 392.425) Willful failure to carry out this requirement is grounds
59 for suspending, demoting, dismissing or refusing to reemploy a teacher or
60 administrator. (NRS 391.750) **Sections 27 and 28** of this bill: (1) impose similar
61 requirements for private schools and employers; and (2) make a willful violation of
62 those requirements a misdemeanor.
