AN ACT relating to prescriptions; requiring a prescription to be given to a pharmacy by electronic transmission in certain circumstances; providing certain exemptions; authorizing professional discipline against a practitioner who violates that requirement; providing a penalty; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law prescribes the manner in which a prescription must be given. (NRS 639.2353) Section 7 of this bill requires a prescription to be given to a pharmacy by electronic transmission, except in certain cases including: (1) prescriptions issued by a veterinarian; (2) certain situations where an electronic prescription is not practical or feasible or is prohibited by federal law; (3) when a prescription is not issued to a specific person; and (4) pursuant to a waiver granted by the State Board of Pharmacy under exceptional circumstances. Sections 1-6 of this bill authorize professional discipline to be taken against a practitioner who fails to comply with the requirements of section 7. Additionally, because any violation of the provisions of the chapter is a misdemeanor, violation of those requirements would also be a misdemeanor. (NRS 639.310) Sections 8-12 of this bill make conforming changes.
